To have an Article in a Special Town Meeting, the petition must be signed by one hundred (100) registered voters.

If two hundred (200) or more registered voters petition the Board of Selectmen for a Special Town Meeting, the Selectmen must schedule one within forty-five (45) days.

United States Senators in Congress:

Hon. John F. Kerry of Boston
Hon. Edward M. Kennedy of Boston

Representative in Congress, 5th Congressional District:

Hon. Chester G. Atkins of Concord

Representative in General Court, 38th Middlesex District:

Lucile "Cile" Hicks of Wayland

State Senator, 5th Middlesex District:

Argeo Paul Cellucci, Hudson

DEFINITIONS

UNRESERVED FUND BALANCE - The amount by which the cash, accounts receivable, and other current assets exceed current liabilities and reserves.

FREE CASH - Unreserved Fund Balance less outstanding taxes.

OVERLAY - Amount raised by the Assessors to create a fund to cover abatements of real and personal tax assessments for the current year.

RESERVE FUND - Amount appropriated for emergency or unforeseen purposes, controlled exclusively by the Finance Committee.

AVAILABLE FUNDS - Free cash plus reserved and unexpected balances available for appropriation.

CHAPTER 90 - General Laws which provide for contributions by the State and County for construction and maintenance of certain Town ways, usually roads leading from one main road to another.

MATCHING FUNDS - Amounts made available by special State and Federal Acts to supplement local appropriations for specific projects.

REVENUE SHARING - Quarterly distribution of a portion of Federal tax collections to states and municipalities to be used for ordinary and necessary operating expenses and capital expenditures.

CHERRY SHEET - Details of State and County charges and reimbursements used in determining the Tax Rate. Name derives from the color of the paper used.

MIDDLESEX, S.S.APRIL 15, 1987

I, SANDRA O'BRIEN, DULY QUALIFIED CONSTABLE OF THE TOWN OF WAYLAND, DO HEREBY AFFIRM AND CERTIFY THAT I HAVE POSTED THE SPECIMAN OF THE OFFICIAL BALLOT FOR THE TOWN ELECTION TO BE HELD ON MONDAY, THE TWENTY-SEVENTH DAY OF APRIL 1987, TOGETHER WITH THE WARRANT FOR THE ANNUAL TOWN MEETING TO BE HELD ON WEDNESDAY, THE TWENTY-NINTH DAY OF APRIL 1987, AND THE SPECIAL TOWN MEETING TO BE HELD ON MONDAY, THE FOURTH OF MAY 1987, BY MY POSTING COPIES THEREOF AT THE TOWN BUILDING AND AT THE PUBLIC LIBRARIES LOCATED IN THE TOWN BUILDING AND COCHITUATE CENTER, BY POSTING SEVEN (7) DAYS AT LEAST BEFORE THE DATES APPOINTED FOR THE POSTING OF THE BALLOT AND ANNUAL TOWN MEETING, AND FOURTEEN (14) DAYS AT LEAST BEFORE THE DATE APPOINTED FOR THE SPECIAL TOWN MEETING. POSTING WAS DONE APRIL 15, 1987.

A TRUE COPY, ATTEST:

Sandra O'Brien
SANDRA O'BRIEN
CONSTABLE, TOWN OF WAYLAND

Judith L. St. Croix
JUDITH L. ST. CROIX
TOWN CLERK, WAYLAND

TOWN CLERK

The Town Clerk was appointed by the Board of Selectmen in November and elected at the Annual Town Election in April for two years to fill the unexpired term of the previously elected Clerk who resigned. The Office will continue to remain an elected position after an Article calling for the appointment of the Town Clerk by the Board of Selectmen went down in defeat at the Annual Town Meeting.

Three elections were conducted this year, the State Primary, the State Election and the Annual Town Election. The State Election brought out a large number of voters because of the ballot questions. There were long lines at the polls but due to the efficiency of the Election Workers, the lines moved fast and all voting was completed within a half-hour after the official closing time.

The redistricting of the Town from two to four precincts was completed and utilized at the Annual Town Election with a minimal amount of difficulty and confusion. Precinct I and IV voted at the Wayland Town Building and Precinct II and III at the Wayland Junior High School.

There are several townspeople involved in running a successful election: the Board of Registrars who oversee the election and register voters at the special voter registration sessions held prior to each election; the Election Workers who man the polls; school and town custodians who provide the furnishings required at the polls; the Park and Recreation Department who assist in suitably fitting the polls for the elections; the Data Processing Manager who prepares the election program and acts as supervisor in the counting of the ballots after the polls close; the Police Officers who maintain control and transport equipment and ballots to the polls and the tabulation center; the Engineering Department who prepares the signs for the polls to direct voters; and the office staff who assist in the months of preparation for each election and attend to the tedious details mandated by the State Election Law, requirements of which change constantly.

The Annual Town Meeting was held on April 29, April 30, May 4, and May 6 and completed all business in the Warrant in four nights due to the Moderator's new Town Meeting Procedures which were initiated successfully. A Special Town Meeting was held within the Annual Town Meeting on May 4, 1987. A second Special Town Meeting was held on June 16, 1987.

Our present population, based on the January 1, 1987 census returns, is 12,049 with 7339 registered voters or 74% of those eligible to vote.

Highlighting this year has been the automation of the Clerk's Office. We are currently preparing a new census form for 1988. Residents should carefully read all the instructions and promptly fill out and return the form so that the Town records can be completed.

Diane Perkins was appointed as Assistant Registrar of Voter's at Wayland High School. High school students can register at any time during the school year or at special sessions held prior to elections and town meetings.

Miriam Andrews is the new part-time assistant in the Town Clerk's Office and has also been appointed Assistant Registrar of Voter's.

SUMMARY OF 1987 TOWN MEETINGS

The following is a summary of actions taken by Annual and Special Town Meetings on resolutions and articles in the warrants for those meetings. More detailed official Town Meeting Proceedings are available in the Town Clerk's Office.

ANNUAL TOWN MEETING

APRIL 29, 30; MAY 4, 6

ARTICLE 1. HEAR REPORTS: VOTED unanimously under Motion 1 to accept the 1986 Wayland Town Report. VOTED unanimously under Motion 2 that all appointed Boards, Commissions or Committees of the Town, other than those created under the General Laws of the Commonwealth, be continued in existence.

ARTICLE 2. CHOOSE OFFICERS: VOTED unanimously to choose Town Officers not elected by the official ballot.

ARTICLE 3. AMEND WAGE AND SALARY PLAN: VOTED in favor of amending the Wage and Salary Classification Plan as printed in the Warrant effective July 1, 1987.

ARTICLE 4. TRANSFERS - Current Fiscal Year: VOTED unanimously to appropriate \$110,000 for building insurance; \$30,000 for police salary and benefit increases; \$15,000 for fire salary increases; and VOTED in favor to appropriate \$45,000 for snow emergency expenses; and that such appropriation be provided by transfer of available funds in General Fund-Unreserved Fund Balance.

ARTICLE 5. RAISE AND APPROPRIATE - BUDGET: Summary of Appropriated Votes:

DEPARTMENT	VOTED
Selectmen	5,536

Debt and Interest	1,220,798
TOTAL (Actual Budget)	18,626,073
TOTAL (Voted Budget)	18,626,573

ARTICLE 6. WATER DEPARTMENT: VOTED in favor of appropriating \$559,391 for the operation of the Water Department to be provided by taxation, appropriation from available funds and by transfer of funds already appropriated for another purpose.

ARTICLE 7. COMPENSATION OF ELECTED OFFICERS: VOTED under the Consent Calendar to fix the salary and compensation of all elected officers as printed in Appendix C of the Warrant.

ARTICLE 8. RENOVATION OF THE LIBRARY: VOTED in favor of appropriating \$200,000 to complete the renovation and expansion of the Library Building by authorizing the Treasurer to borrow under G.L.c. 44, Sec. 7 and expended under the direction of the Library Trustees.

ARTICLE 9. PURCHASE RADIO SYSTEM: VOTED in favor of appropriating \$250,000 for the purchase of a radio communications system by authorizing the Treasurer to borrow under G.L.c. 44, Sec. 7 and expended by the Board of Selectmen upon recommendation of the Radio Study Committee.

ARTICLE 10. POLICE AND FIRE RADIO SYSTEM: VOTED unanimously in favor of passing over the Article due to the passage of Article 9.

ARTICLE 11. CLEANING FIRM FOR SCHOOLS: DEFEATED an article that would have appropriated \$60,000 to be expended by the School Committee for the purpose of entering into a contract for a cleaning firm for the cleaning of the school buildings.

ARTICLE 12. UNDERGROUND FUEL STORAGE TANKS FOR SCHOOLS: VOTED unanimously in favor to appropriate \$60,000 for the replacement of two (2) underground fuel storage tanks at the High School by authorizing the Treasurer to borrow under G.L.c. 44, Sec. 7 and expended by the School Committee.

ARTICLE 13. AMEND BY-LAWS-CAPITAL PLANNING COMMITTEE: VOTED in favor of the Town amending its By-Laws by adding Article 28 establishing a Capital Planning Committee.

ARTICLE 14. AMEND BY-LAWS-WRITTEN COMMENTARY IN WARRANT VOTED unanimously in favor that the Article be passed over.

ARTICLE 15. AMEND BY-LAWS-CONTRACTS FOR SERVICES: DEFEATED an article that would have amended Article 4. of the Town By-Laws entitled "Finances."

ARTICLE 16. LANDFILL USER PERMIT FEES: DEFEATED an article that would have reduced the fee charged for the Landfill User Permit from \$25.00 per family to \$1.00 per family.

ARTICLE 17. APPOINT TOWN CLERK: DEFEATED an article that the Selectmen present a petition to the General Court to enact a law providing that the Town Clerk be appointed by the Board.

ARTICLE 18. ACQUIRE LAND-MAIN STREET: VOTED unanimously in favor to authorize the Road Commissioners to acquire by purchase, eminent domain, gift or otherwise, for highway and sidewalk purposes, parcels of land as shown on "Plan of Land in Wayland" dated November 22, 1985 for roadway easement purposes.

ARTICLE 19. ACCEPT STREET: VOTED in favor that the Town accept the laying out of a portion of Waybridge Lane and establish said Street as a Town Way.

ARTICLE 20. CONSTRUCTION OF LANDFILL CAP AND LINER: VOTED in favor of appropriating \$550,000 for the construction of a landfill cap and closure of Cells I, II and III by authorizing the Treasurer to borrow under G.L.c. 44, Sec. 7 and that the Board of Road Commissioners be authorized to expend the monies.

ARTICLE 21. DESIGN AND RECONSTRUCTION OF ROADS: VOTED by a standing counted vote 681 (Yes) to 123 (No) to appropriate \$4,500,000 for the construction, re-construction and/or improvements of Claypit Hill Road, Damon Street, Draper Road, East Road, Glezen Lane, Jeffrey Road, King Street, Parkland Drive, Plain Road, Pinebrook Road, Rice Road, Sherman's Bridge Road, and Stonebridge Road by authorizing the Treasurer to borrow under G. L. c. 44, Sec. 7 (5) and that the Road Construction Committee expend the monies. It was VOTED that a sum of \$155,000 be appropriated for funded debt and interest payments to be made in F/Y 1988 for bonds issued and that such appropriation be provided by taxation.

ARTICLE 22. BETTERMENT-WOODLAND ROAD: VOTED: unanimously that the Article be passed over.

ARTICLE 23. BETTERMENT-LAKESHORE DRIVE & CREST ROAD: VOTED unanimously that the Article be passed over.

ARTICLE 24. AMEND ZONING BY-LAWS-OVERLAY DISTRICT FINCH GROUP: VOTED unanimously that the Article be passed over.

ARTICLE 25. AMEND ZONING BY-LAWS-AMEND ZONING MAP: VOTED unanimously that the Article be passed over.

ARTICLE 26. LAND BANK STUDY COMMITTEE: VOTED in favor that the Town create a Land Bank Study Committee which would finance the purchase of land for the Town to be financed by a transfer fee imposed on real property. The Committee shall report its findings to the 1988 Annual Town Meeting.

ARTICLE 27. AMEND ZONING BY-LAWS-DOG KENNELS: VOTED unanimously in favor that the Article be passed over.

ARTICLE 28. WATERTOWN DAIRY ACQUISITION: VOTED unanimously the the Town amend the vote taken under Article 8 of the November 18, 1981 Special Town Meeting to conform with a plan on file with the Town Clerk entitled "Division of Farmers Home Administration Lands."

ARTICLE 29. ACQUIRE RODIER LAND: VOTED unanimously in favor to pass over the Article.

ARTICLE 30. ACQUIRE DICKSON LAND: VOTED in favor that the Town authorize the Conservation Commission to acquire by purchase, eminent domain, gift or otherwise, for conservation purposes; and that the Town appropriate \$25,000 for such purchase to be provided by transfer of available funds in General Fund-Unreserved Fund Balance.

ARTICLE 31. REPAIR TOWN BUILDING-SENIOR CITIZENS CENTER: VOTED unanimously in favor to appropriate \$25,000 for repair and refurbishing of the Senior Center and that such appropriation be provided by transfer of available funds in General Fund - Unreserved Fund Balance.

ARTICLE 32. METRO-WEST GROWTH MANAGEMENT COMMITTEE: VOTED unanimously in favor that \$10,000 be appropriated by the Selectmen to finance the operation of MetroWest for F/Y 1988 and that such appropriation be provided by transfer of available funds in General Fund-Unreserved Fund Balance.

ARTICLE 33. TURNPIKE EXPANSION: VOTED unanimously that a sum of \$5,000 be appropriated by the Selectmen to study the environmental impact of the proposed expansion of the Massachusetts Turnpike. The appropriation shall be provided by transfer of available funds in General Fund-Unreserved Fund Balance.

ARTICLE 34. AUTHORIZE COMPENSATING BALANCE AGREEMENTS: VOTED to authorize the Treasurer to enter into compensating balance agreements during F/Y 1988 as permitted by G.L.c. 44, Sec. 53F.

ARTICLE 35. AUTHORIZE SELECTMEN TO SELL OR TRADE: VOTED unanimously that the Town authorize the Selectmen to sell or otherwise dispose of certain vehicles, equipment or personal property as printed in the Warrant.

ARTICLE 36. AUTHORIZE TREASURER TO BORROW: VOTED under the consent calendar to authorize the Treasurer to borrow monies in accord with the provisions of the General Laws of the Commonwealth of Massachusetts.

ARTICLE 37. TRANSFER OF FUNDS: VOTED unanimously that the Article be passed over.

RESOLUTION: RESOLVED that the 1987 Annual Town Meeting of the Town of Wayland declare its opposition to transfer of the surface waters of the Sudbury Watershed, and authorizes the Selectmen to communicate such opposition and to take other action to oppose such transfer as may be necessary.

SPECIAL TOWN MEETING

May 4, 1987
8:30 P.M.

STM ARTICLE 1. DOME ON WATER TANK: VOTED unanimously in favor that the sum of \$175,000 be appropriated for the design and construction of a a new concrete dome on the Town's largest water tank and that to meet this appropriation the Treasurer be authorized to borrow under G.L.c 44, Sec. 7 to be expended by the Water Commissioners.

STM ARTICLE 2. AMEND BY-LAWS-UNREGISTERED VEHICLES: VOTED in favor that the Town amend its By-Laws by adding Article 27, entitled "Unregistered Vehicles," where not more than one unregistered and ungaraged motor vehicle shall be placed or permitted to remain on any lot in a single residence district, and no unregistered motor vehicle shall be placed or permitted to remain in the front yard of any such lot. The Article shall be enforced by the Building Commissioner.

SPECIAL TOWN MEETING

JUNE 16, 1987

STM ARTICLE 1. BETTERMENT - WOODLAND ROAD: VOTED in favor that the Town appropriate \$65,000 for the planning, engineering, design, layout and construction of certain betterments of Woodland Road from Pineridge Road to Cedar Crest Road and to meet this appropriation the Treasurer be authorized to borrow under G.L.c 44., Sec. 7 to be expended by the Road Commissioners.

STM ARTICLE 2. TURNPIKE EXPANSION: VOTED unanimously in favor that the sum of \$5,000 be appropriated by the Selectmen to study the environmental impact of the proposed expansion of the Massachusetts Turnpike and to contribute to legal efforts to control such impact, and that such appropriation be provided by transfer of available funds in General Fund - Unreserved Fund Balance.

STM ARTICLE 3. AMEND ZONING BY-LAWS - OVERLAY DISTRICT - FINCH GROUP: VOTED by a standing counted vote 310 (Yes) 93 (No) in favor that the Town amend its Zoning By-Laws in order to authorize a district, to be known as the SOUTHEAST WAYLAND-COCHITUATE PLANNING DISTRICT, by adding a new paragraph 4 to Section IIIA of the Zoning By-Laws and by adding a new Section IXC to the Zoning By-Laws, exactly as printed under Article 3 of the Warrant for the June 16, 1987 Special Town Meeting.

STM ARTICLE 4. AMEND ZONING BY-LAWS - AMEND ZONING MAP: VOTED unanimously in favor that the Town amend its Zoning Map by including the land more fully described in Article 4 of the Warrant for the June 16, 1987 Special Town Meeting into the SOUTHEAST WAYLAND-COCHITUATE PLANNING DISTRICT pursuant to the provisions of Section IIIA.4 and Section IXC of the Zoning By-Laws of the Town of Wayland.

STM ARTICLE 5. AMEND ZONING BY-LAWS - DOG KENNELS:
DEFEATED the motion that the Town amend its Zoning
By-Laws by adding Section 7 as printed in the Warrant.
VOTED unanimously that the Town amend its Zoning By-Laws
by adding Section 7 to read: "The maintenance of dogs and
suitable shelters therefor; provided, however, that if
the number of dogs six months old or older exceeds three,
a special permit is granted to the current owner of the
premises in accordance with paragraph (r). Any kennel or
other structure used by dogs shall be no closer than 20
feet to any lot line and no closer than 50 feet to any
existing dwelling located beyond any lot line."

ARTS COUNCIL

The Wayland Arts Council, appointed by the Board of Selectmen, was formed in 1980 in response to the creation of an Arts Lottery in Massachusetts. Proceeds from Megabucks, the Arts Lottery game, are distributed twice a year to cities and towns having official arts councils to administer the funds for their communities under state guidelines. In addition to its responsibilities relating to the Massachusetts Arts Lottery, the Arts Council's purpose is the encouragement and support in general of cultural activities in Wayland.

The Town of Wayland has received approximately \$3,600.00 a year as its share from the Megabucks proceeds. The state's guidelines provide that local Arts Lottery Councils decide how their community's funds are to be used in their towns. There are two grant periods a year and application deadlines occur in Wayland in March and September. Applications are available at all times at the Town Building. All council decisions and evaluations are made in open meetings.

For the January 1987 grant period, 3 applicants for the grants were funded:

Wayland Council on Aging - \$550.00 - for the purchase of 2 used potter's wheels.

Wayland Historical Society - \$415.00 - conservation treatment in restoration of 1876 newspaper and 1794 Heard Farm hand drawn map.

Scarborough Chamber Players - \$835.00 - concert and clinics at the Wayland High School.

In March 1987, applicants for Arts Lottery grants were reviewed in open meetings and the council recommended that funds be granted as follows:

Wayland Council on Aging - \$385.00 - for pottery tools and start up supplies for intergenerational pottery classes.

Wayland Junior High P.T.O. Cultural Enrichment Committee - \$195.00 - for book purchase in support of Wayland Junior High School Authors' Festival.

Wayland Public Library - \$600.00 - for Summer Children's Program "Touching the Past II: Native Americans".

Wayland Arts Council - \$750.00 - Installation of track and spot lighting in the Wayland Town Building.

As Wayland continues in its interest in the arts, the Wayland Arts Council is proud to offer encouragement and support, including support with Wayland's funds from the Massachusetts Arts Lottery. We welcome suggestions from our townspeople and attendance at our meetings.

Council members for this past year have been: Colene Abramson, Patricia Abramson, Jerry Howard, Eva Pereli, Emily Rubenfeld, and Caroline Schwarz-Schastny.

Respectfully submitted,
CAROLINE SCHWARZ-SCHASTNY,
CHAIRPERSON

BIKEWAY COORDINATOR

A public hearing was held by the Board of Selectmen on October 20 to hear comments and questions about the proposed bikeway which would run from Waltham to Sudbury on the site of the former Boston and Maine Railroad. There was keen interest in the proposal and many questions were asked. Answers which were not available at the hearing were promised by personnel of the Massachusetts Department of Environmental Management, which was the initiator of the proposal. Pressure of other business has so far prevented the Department from making further progress on this project.

Respectfully submitted,
KENNETH A. MOON, BIKEWAY
COORDINATOR

CABLE TELEVISION ADVISORY COMMITTEE

The Cable Television Advisory Committee met several times during the year. Since most of the town has been equipped with cable, the committee's major activity this year was the overseeing of the setting up of the new television studio at Wayland High School, which is due to open in the fall.

Respectfully submitted,
DONALD L. SOUTER, CHAIRMAN
Daniel L. Brown
David L. Erlichman
Kenneth Levitt
Peter B. Orbeton
Carole M. Osterer
Paul G. Secord

DATA PROCESSING

The Data Processing Committee has spent this year reviewing Town and School computer requests and implementing new Town and new School applications. This has been completed with the excellent cooperation of our Data Processing Manager, Saul Bobroff, and all of the Town and School Departments. We thank everyone who has assisted.

Respectfully submitted,
HERBERT O'DELL, CHAIRMAN
Dennis F. Brothers
David Connolly
David Markell
Edward N. Perry

CONSERVATION COMMISSION

Meetings and Personnel - The Commission held over 50 regular meetings, several joint meetings with other boards, and many inspections in the field.

Conservation Administrator Whitney Beals submitted his resignation in FY87, to take effect early in FY88. Mr. Beals will be sorely missed, but he is moving to the Sudbury Valley Trustees, where his talents will continue to serve the conservation interests of this town (and others). He will be replaced by Rachel Freed, formerly with Massachusetts Audubon Society, who also brings strong credentials to the position.

Herb Jacobus served as chairman during FY87, to be replaced by Margot Black in FY88.

Land management tasks were carried out by Greg Buzzell in the summer of 1986 and Mark Warren in the summer of 1987.

Personnel efficiency was enhanced by the installation of a computer terminal in the Conservation Office during FY87.

Land Acquisition - During this year negotiations were in progress on fourteen parcels of land. With the rising cost of land the Commission is finding it difficult to purchase land and is trying to secure important areas with conservation restrictions. New ways of funding purchases may become available: (1) the Bay Circuit Greenbelt Program might purchase some important parcels, and (2) at the Annual Town Meeting a Land Bank Study Committee was set up to study ways of raising funds for land acquisition.

Wetlands Protection - During FY87 administration of the Wetlands Protection Act, MGL c.131 s.40, accounted for a large portion of the efforts of the Commission and the Conservation Administrator. There were 13 formal public wetland hearings on Notices of Intent. Fourteen Orders of Conditions were issued and three Orders from prior years were amended.

Five Certificates of Compliance were issued, and two Extensions were approved. Nineteen Determinations of Applicability were issued. One Determination was appealed to the DEQE. Thirteen violations of the Wetlands Protection Act were investigated and resolved. Some violations resulted in filing of Notices of Intent or Requests for Determination.

Conservation Land Management - During this year the Commission made a special effort to deal with two major abuses of conservation land: dumping of trash and use of off-road vehicles.

In some cases the trash-dumpers were identified and persuaded to remove their trash. In other cases Commission-members, staff, and volunteers cleaned up accumulated trash. A definite improvement in appearance of the land has resulted.

With respect to off-road vehicles, we have been promised the cooperation of Wayland Police Officers and State Environmental Officers and hope to see substantial reduction of this abuse.

Also during this year the Commission embarked on a long-term program of establishing or revising formal written management plans for all the lands under its care. Public hearings will be announced from time to time for review of such plans as they are developed.

A noteworthy event was our farmer-licensee's use of chicken manure on the conservation-land hay-fields. This was our first experience with this material, and the unanticipated odor produced widespread reaction among townspeople.

DOG OFFICER

July 1, 1986 to June 30, 1987

1. Telephone calls received - approximately	1100
2. Dogs quarantined -	7
6 of the 7 dog bites took place in the home.	
1 of the dogs has since been put to sleep.	
1 of the dogs has moved out of state.	
1 of the dogs has been ordered removed to Weston.	
3. Dogs placed on permanent restraining order -	1
4. Dogs picked up in violation of the law -	41
5. Stray dogs destroyed -	1
6. Dogs placed at Buddy Humane Society -	3
7. Dogs destroyed per order of Board of Selectmen -	0

Respectfully submitted,

Mary Lou Chamberlain
Wayland Dog Officer

COUNCIL ON AGING

The Council on Aging is a statutory body, mandated by the Federal Government, established by the state and appointed by the Board of Selectmen. The seven member board is committed to the needs and concerns of Wayland's 2000 plus senior adults, 60 years and older. As a member of the state network for Elder Services, the Council on Aging is eligible for and receives grant money from the Executive Office of Elder Affairs or the local Area Agency on Aging, BayPath. The Council on Aging also seeks program support by applying for grants to other philanthropic bodies such as Arts Lottery. During FY1987 the Council on Aging applied for and received four state grants. These grants provided for the new position of Special Projects Coordinator and the subsidy of both Outreach and Creative Art program. The COA also applied for and received support from BayPath for a nutrition assistant who assists with the hot lunch and home delivered meals. The Raytheon Corp. provided supplemental funding to the Council on Aging to equip a new kitchen to be constructed in FY 88 at the Wayland Senior Center. Raytheon contributed appliances and appropriated monies for their installation.

The Council on Aging Office is located in the Wayland Senior Center at the Town Building. The programs and activities of the COA are administrated by Program Coordinator. The center serves as a repository for information on Federal, State and local programs for seniors, such as Housing Options, Insurance, Legal Assistance, Energy Assistance, Elder Hostel and discount opportunities. Materials can be used at the center or borrowed for short periods.

The Council offers a "hot line" daily reassurance program for seniors living alone. Currently 20 seniors receive daily calls and conversation.

The Council on Aging publishes the Wayland Senior, a monthly newsletter of activities and information available free of charge to any Wayland resident at seven sites in Wayland (or at a fee of \$3.00 for mail delivery). A large collection of donated fiction and nonfiction books and current magazines is available for perusal or borrowing.

The statistics below reflect continued growth in Council on Aging programs and services:

FY 1987

Senior Center Drop Ins	10,052
Information/referral	3,741
Outreach	7,684
Newsletter	12,000
Creative activities	7,583
Congregate meals	3,481
Home delivered meals	4,415
Blood pressure/flu	1,687

The Council on Aging coordinates with:

BAYPATH SENIOR SERVICES, INC. by representation on its Board of Directors and related participation in its regional operations.

PARMENTER HEALTH CENTER to provide a monthly blood pressure clinic, annual flu clinic and related health services.

WAYLAND TOWN DEPARTMENTS to provide assistance on various matters of interest and concern to seniors.

The Council on Aging oversees the transportation of seniors and handicapped through its sub-committee Watch, the Wayland Area Transportation Committee for the handicapped and elderly.

The 1987 Town Meeting renewed its commitment to transportation of the elderly and handicapped under age 60, by appropriating \$28,000. The town contracts with Busy Bee Transportation Inc., for \$25,000 for three days of dial-a-ride service from 9:30am to 3:30pm, plus eight Boston trips.

This past year there was an increase of 23% in handicapped passengers. Over 2400 one way trips were utilized with the following breakdown: 48% for social trips, 6% shopping, 4% work, 24% to the Senior Center and 17% medical. Transportation is a much needed service which should be continuously offered to those in need where no public transportation exists in Wayland.

FAIR HOUSING COMMITTEE

The Fair Housing Committee is charged with responsibility for "monitoring the implementation of the Fair Housing Plan for the Town, recommending modifications, and reporting non-compliance to the Board of Selectmen in accordance with Executive Order 215".

The eight member committee has identified six problem areas and developed a plan of action to address each one. The problem areas identified are:

1. There is a lack of knowledge of the extent to which discrimination in housing is being practiced in Wayland.
2. Members of Wayland's Black minorities appear to be underrepresented in most areas of Town.
3. Wayland generally lacks affordable housing opportunities for low to middle income families.
4. Wayland needs to increase its outreach and educational efforts to publicize Wayland as an open community.
5. Wayland seems to be losing its diversity.
6. Wayland appears to have restrictive zoning bylaws.

In the past year, Fair Housing activities included distribution of brochures and posters to all real estate offices, support of The Finch Proposal at Town Meeting, publication in the Town Crier of a question-and-answer column on housing issues, review of the Town's zoning bylaws, and participation on a committee with representatives of the Board of Selectmen, Planning Board, and Wayland Housing Authority to draft a town-wide housing policy. The Fair Housing officer investigated two grievances and found no evidence of discrimination.

Members of the committee include John Pratt, Chair, Pat Clark, and John Gregory, at large members, Mary Antes, Wayland Housing Authority, Robert Megson, Council on Aging, Robert King, Tenants Organization, Elizabeth Miller, Banking Community and Father Kelley, Clergy Association.

Respectfully submitted,
JOHN PRATT, CHAIRMAN

FIRE DEPARTMENT

The annual report for the fiscal year July 1, 1986 through June 30, 1987 is respectfully submitted by the Wayland Fire Department.

PERMITS ISSUED 1986/1987

Oil Burning Equipment Alteration	70
Blasting	12
Black Powder Storage	4
Model Rocketry	0
Liquified Petroleum Storage	14
Smoke Detector Compliance Certificate	260
Storage Tank	2
Outdoor Burning	958
TOTAL	<u>1,320</u>

New home construction regulations require an approved smoke detector system be installed with detectors on each habited level. Plans are submitted to the Fire Department for approval prior to the issuance of a building permit. The completed systems are inspected and tested before the homes are occupied.

Upon sale or transfer, any building used in whole or in part for residential purposes, shall be equipped by the seller with approved smoke detectors. This law became effective on January 1, 1982 and the necessary Certificate of Compliance may be obtained at the Fire Department in the Public Safety Building, Wayland Center.

The General Laws of the Commonwealth of Massachusetts, Chapter 111C, requires Emergency Medical Technicians to be recertified every two years. This year, continuing education was conducted by the department as an aid to meeting this requirement. Hospital emergency room observation and seminars sponsored by area hospitals are also part of this recertification process. The Wayland Fire Department currently has twenty-one permanent firefighters who are also registered Emergency Medical Technicians.

Quarterly inspections mandated by law were conducted in all public schools, nursing homes, municipal buildings, churches, day care centers, and camps.

The Fire Department provides a spokesman for schools, civic groups, church groups, or any interested group that requests a department member to speak. Younger children are taught National Fire Protection Association approved fire safety concepts. Adult programs can be designed to fit any need or interest and can include fire prevention concepts or informational programs about the Wayland Fire Department itself.

Call Firefighter, William Gilmour, retired this year after 28 1/2 years on the job. His tenure with the Wayland Fire Department was characterized by exemplary performance and he will be sorely missed.

Station #2 Covered During Incident	323

I would like to thank the citizens of Wayland for their support and cooperation. My sincere thanks go to the Honorable Board of Selectmen, other department heads, Wayland Fire Department members, and all other town committees and boards for their understanding, guidance and cooperation.

Respectfully submitted,

Ronald E. Profit
Chief of Department

BOARD OF HEALTH

With the resignation of chairman Susan McIntosh in March 1987, Maryanne Peabody was elected chairman. Second member, Robert Wenstrup, Ph.D., was re-elected by voters in the Town Election of April 27, 1987. Richard Mahoney was appointed to fill the vacancy by a joint appointment of the remaining Board of Health members and the Board of Selectmen.

Statistics as of June 30, 1987

The following licenses were issued by the Board of Health:

Funeral Directors	2
Guest House	1
Milk	27
Recreational Camps for Children	2

Permits issued by the Board of Health:

Burial	50
Disposal Works construction (new)	21
(alterations)	7
(repairs)	38
Disposal Works Installer	27
Food Service Establishment	24
Pools (private)	13
(semi-private)	6
Pool Installer	3
Refuse Collection	17
Retail food Establishment	10
Septage Hauler	13

Communicable diseases reported to the Board of Health:

Animal Bites	16
Campylobacter	7
Chickenpox	151
Giardiasis	2
Gonorrhea	7
Lyme Disease	1
Meningococemia	1
Salmonellosis	7
Shigellosis	2
Syphilis	1

HEALTH INSPECTOR

The Health Inspector periodically inspects all Food Establishments (retail food stores, food service establishments), and other establishments where food is sold and/or manufactured, and public school cafeterias to maintain the standards required by the Wayland Board of Health and the State Sanitary Code.

The Town Beach, recreational day camps, swimming pools, and dwellings are inspected to ensure that the standards of the Wayland Board of Health and the State Sanitary Code are maintained.

Complaints pertaining to possible health code violations are promptly investigated and acted upon according to Board of Health Regulations and State Regulations.

The Health Inspector assisted with the preparations for Household Hazardous Waste Collection Day and was on site to assist with the actual collection of the hazardous waste products.

The Health Inspector is also a member of and an active participant in the Massachusetts Health Officers Association.

Respectfully submitted,
JASON HARRIS, R.S.

ANIMAL INSPECTOR

The Animal Inspector provides annual inspection for the Town. The following is a summary of the annual animal inspection:

Horses	69	Sheep	10
Ponies	13	Goats	6
Cattle	100	Donkeys	4
		Swine	1

Respectfully submitted,
BRUCE S. SWEENEY

YOUTH ADVISORY COMMITTEE

The Youth Advisory Committee was established by the Wayland Town Meeting in 1971 to hire and supervise the town's Social Worker. The committee is made up of representatives from the Board of Selectmen, the Board of Health, the School Committee, the Police Department and the Clergy Association. Our mandate is to provide counseling services, through our social workers, for the residents of Wayland, with a special emphasis on adolescents and their families.

The YAC meets once a month throughout the year to act as a sounding board for the Detached Social Worker and to direct the program by establishing goals and setting policy. Neil Hickey has been the director of this program since it began in 1971. We feel that much of the success of our program can be attributed to Mr. Hickey's long history with and dedication to the families of this town, and to his high level of professional competence.

Susan McCandless, who has been our Associate Social Worker for several years, has also done an excellent job in reaching out and providing counseling for adolescents and families in Wayland.

One of the aspects of our program that gives so many people the freedom to come to our staff for help is that confidentiality is so strictly maintained. We believe this is most important and our report on the functioning of our office is, therefore, somewhat general.

The program for the Office of Adolescent Social Service has had three main components this year. The primary function of the program has been to provide counseling and support for students and families in Wayland. During the period from July 1, 1986 to June 30, 1987, 134 adolescents were seen for a total of 673 sessions, and 78 parents were seen for 396 sessions. These figures are slightly lower than those for the previous year due to the fact that our Associate Social Worker has been on maternity leave since February. In addition, there were 224 one time meetings with adolescents who needed referral or information, or who were seeking help for friends.

In addition to time spent with our target population, another group of adults were seen who are former adolescent clients of this program and who came back for consultation and referral because of their prior relationship with this office.

Another part of the program has been the participation of the social workers in various kinds of group work. Some of the groups our social workers have led or shared leadership for this year have been three groups at the Junior High for 20 students focusing on "The Family", and the Student Awareness Program at the High School.

Education has been the third main focus this year. One of the most successful programs was the Substance Awareness Days last fall which Neil Hickey participated in directing. Our social workers also contributed by teaching portions of the High School Health classes for Juniors which dealt with sexual abuse and physical abuse. They have been part of the career exploration program at the High School.

Neil Hickey also serves on the advisory board of the Wayland Employees Assistance Program and as an Executive Board member of the AMA/YFS, a statewide professional group of municipal mental health administrators.

The YAC is very happy with the service provided to this town by our staff. We are grateful for their personal warmth and competence, and for all the assistance they provide, not just for the student population, but directly or indirectly for all the people of this town.

Respectfully submitted,

REV. ANNE WEBB, CHAIRPERSON
Dr. William Zimmerman, Jr.
Ann Ross
Sandy Johan
Chief Thomas O'Loughlin

ENVIRONMENTAL ENGINEER/AGENT

During the year, the Environmental Engineer/Agent provided professional engineering support for the Board of Health relating to management of wastewater disposal in the Town and the protection of the ground and surface waters.

The Environmental Engineer/Agent regularly attended Board of Health meetings, as well as those meetings involving other Town Departments and the Department of Environmental Quality engineering, whenever necessary.

There were over 1500 requests for professional review or inspection service. Soil tests were observed at 69 sites. Seventeen applications and plans for new septic system construction were received and reviewed during the year. Twenty-one permits were issued. Proposals were reviewed for 51 septic system repair applications. Installations were inspected for 21 septic repairs and 7 alterations. Fifty-four applications for approval for building permit issuance to ensure compliance to Board of Health requirements were processed, along with 13 swimming pool permits. Twenty-two Certificates of Compliance were issued for new septic system construction.

There were several major projects during the year requiring a considerable amount of professional services:

- Aquifer Protection Bylaw Work Group participating with representatives of the Water Department, Conservation Commission, and outside consultants
- Review of landfill liner for approval by Board of Health
- Cleanup of illegal dump site discovered at site of former Watertown Dairy
- Underground oil tank spill at Claypit Hill School
- Leachate monitoring program and landfill monitor wells at sanitary landfill
- Monitoring procedures for Baldwin Pond wells
- Public Library
- Middlesex Savings Bank

Several subdivisions were reviewed in conjunction with the Subdivision Control Law. Projects included: Nolan Farms Subdivision, Waybridge Lane Subdivision, Walnut Hill Subdivision, Spinale Subdivision, Buckbiner Lane Subdivision, Cochituate Estates Subdivision, Glezen Estates Subdivision, Tall Pines Subdivision, The Hills at Mainstone, Smith & Johnson Properties, Strazzulla Shopping Center.

Respectfully submitted,
WILLIAM R. DOMEY, P.E. P.L.S.

EAST MIDDLESEX MOSQUITO CONTROL PROJECT

7/1/1986 - 6/30/87

The East Middlesex Mosquito Control Project conducts a program in Wayland consisting of mosquito and wetland surveillance, larval control, water management and public education. The Project maintains the capability to control adult mosquitoes, if Eastern Encephalitis becomes a threat.

The goal of the survey program is to target mosquito breeding areas and to measure changes in the larval and adult mosquito populations caused by weather. The Project surveys wetlands to develop information on characteristics which are related to mosquitoes. Larval mosquito population data is collected by field crews during spring and summer control operations. Adult mosquito populations are monitored regularly at 3 sites in Wayland. This data aids the Project in determining the need for and impacts of control. The State Public Health utilizes some of this data as part of an effort to monitor those species associated with Eastern Encephalitis.

During the period of this report, July 1, 1986 to June 30, 1987 mosquito populations were generally above average. Heavy rains in June 1986 caused the highest mid-summer population since 1982. Flood producing rains in early April of 1987 resulted in the largest spring brood since 1983.

Larval control is the control of mosquitoes when they are in the immature aquatic stage. The Project relies on the biological pesticides BTi and Arosurf for this control. Approximately 57 wetland acres were sprayed when high densities of larvae were found breeding in stagnant water. The Project planned an aerial application of BTi to control mosquito larvae in the spring of 1987, however it was cancelled after heavy rains in early April caused extensive flooding in the wetlands where the proposed application was to occur.

Adult mosquito control was not undertaken in Wayland since Eastern Encephalitis did not pose a threat to area residents.

Water management reduces the source of mosquitoes by eliminating unnecessary stagnant water. This is accomplished by maintaining existing ditches in wetlands where blockages have accumulated causing poor drainage. Some spot maintenance was undertaken during the period of this report. More extensive work is planned during Fiscal Year 1988 when the Project will receive increased funding to support this program.

The Project distributed educational pamphlets through the Board of Health on "Personal Protection from Mosquitoes", "How to Prevent Mosquitoes from Breeding around the Yard and Home", and "Information on Eastern Encephalitis". In addition information was distributed to local newspapers on how residents can prevent mosquitoes from breeding on their property.

The Project undertook a survey in the East Middlesex District to determine whether the tick species, Ixodes dammini, which is the vector for Lyme disease was present. Since the survey did not produce any ticks of this species, it can be assumed that Lyme disease does not pose a significant threat to area residents.

FINANCIAL REPORT

Balance as of July 1, 1986	-\$733.62

Credit from Fees Received	50.47
Balance as of June 30, 1987	-185.43

Respectfully submitted,
DAVID M. HENLEY, SUPERINTENDENT

PARMENTER HEALTH CENTER

The Wayland Board of Health contracts with the Parmenter Health Center for the provision of public health and school health nursing programs. The Wayland Board of Health and the Parmenter Health Center work in close collaboration to coordinate the programming to meet the public health nursing and allied service needs of the community. Parmenter Health Center is licensed as a Home Health Agency by the Commonwealth of Massachusetts. Services include public health nursing, physical therapy, occupational therapy, speech therapy, medical social work, nutrition counselling, homemaker/home health aide service, and health education. Services are provided at Parmenter Health Center, at individual's homes via a home health program, and at community sites (576 visits rendered).

Some of the specialty clinics are Flu Immunization Clinic (365 immunizations) held each fall particularly for elderly citizens and others considered to be in high risk groups, Hypertension Monitoring (1,385 clients), Diabetes Screening (180 clients), and Lazy Eye Screening (60 children) for pre-school children. Home visits to mothers with newborn infants are made upon request. In addition, public health education programs on topics of current importance are held at the Center and are open to the public.

The school health services are provided in the schools by both school nurses and health aides. School nurses, who are on the school premises for two hours daily, are responsible for both routine and emergency care, conduct health screenings for vision, hearing, and scoliosis and participate in health education programs. A nurse's aide is on duty in the secondary schools during school hours.

MENTAL HEALTH SERVICES

The Wayland Board of Health provides mental health services through contracts with two agencies, Trinity Mental Health Center and the Framingham Youth Guidance Center. Both of these agencies are mental health clinics licensed to operate by the Commonwealth of Massachusetts and as such receive third party reimbursement (insurance and Medicaid payments), state funding for particular programs, and charge private payers on a sliding scale fee according to ability to pay. The Board of Health allocations to these clinics are for services provided to individuals who cannot afford to pay. Licensed clinicians and service providers available to clients include psychiatrists, psychologists, psychiatric nurses, and psychiatric social workers.

Trinity Mental Health Clinic provides services to the adult population. Many of their clients are those people requiring long term care. This contract was not funded for Fiscal Year 1986-1987 but was requested by the Board of Health in its budget for 1987-1988 and was approved at the Spring Town Meeting of 1987.

Framingham Youth Guidance Clinic provides services of both short and long-term duration to children and adolescents and their families. Services include: Individual and Group Treatment (individual, group and family treatment); Parent Education Work Shops; Evaluation and Assessments; Community Consultation. Special programs include: Child and Family Treatment Program; Child Abuse Treatment Program; Hispanic Program; Infant Toddler Program; Adolescent Crisis Team; Mental Retardation Clinical Resource Team; Teenage Pregnancy and Parenting Program; Foster Care Program; Emergency Services; Consultation and Education; Substance Abuse Program; Parent Education Program. The clinic provided 2201 hours to 114 individuals from Wayland during Fiscal Year 1986-1987 (compared to 1259 hours in FY86).

In addition, under this contract, professional consultation is provided both to the Guidance Counselors employed by the Wayland School Department and to the Detached Social Workers employed by the Town of Wayland.

HOUSEHOLD HAZARDOUS WASTE COLLECTION DAY was held on May 9, 1987 and was sponsored jointly by both the Wayland and Sudbury Boards of Health. This is held annually for the purpose of collecting from citizens those household wastes which if discarded into the Wayland Sanitary Landfill would present a definite threat to our environment (particularly to the groundwater). Items collected included: Cleaning solvents, paint thinner and remover, oil paints, stains and varnishes, old art supplies, photographic chemicals, alcohols, empty containers of chemical products, pesticides, engine degreasers, antifreeze, pool chemicals, flea collars and no pest strips, old medicines, septic system cleaners and spray cans.

One hundred ninety-two (192) Wayland households participated in 1987. (This represents an increase of 134%).

The Wayland Board of Health provides regulatory enforcement and consultation to the Town in matters of both potential and identified hazardous waste occurrences.

This service is provided through the Board of Health Environmental Engineer, the volunteer Hazardous Waste Co-ordinator (consultation only), the Health Inspector, and the Board Members themselves.

During Fiscal Year 1986-1987, some of the issues included: an illegal dump site discovered on the site of the Watertown Dairy; an underground oil tank spill at Claypit Hill Elementary School, a gasoline pipeline spill on the grounds of Mainstone Farms Condominiums, and an underground gasoline storage tank leak at the site of a previous gasoline service station.

Respectfully submitted,
MARYANNE PEABODY, CHAIRMAN

HISTORIC DISTRICT COMMISSION

The chief focus of activity and concern of the Historic District Commission during the past year has been the future of the Collins Market building at 21 Cochituate Road. This building and the First Parish Church are the two outstanding structures which give the district its character and ambience and anchor it to a past era in Wayland. Following its closing as a food market the building has been vacant for over a year. Recently a new owner has been developing plans for a remodeling of the interior for new commercial uses. The Historic District Commission has actively participated in formulating the plans for accomplishing the exterior changes required to adapt the building to its new uses and to restore it to a sound structural condition.

The Commission has supported the ongoing efforts of the Cochituate Preservation Association to establish an historic district near the center of Cochituate Village and has delegated one of its members to actively assist in the project.

Five requests for certificates of approval were received during the year and all were granted after appropriate hearings.

Respectfully submitted,

George I. Emery, Chairman
Shirley N. Barnes
John C. Bryant
Paul Gardescu
George K. Lewis
Samuel L. Russell
Shirley M. Secor

HISTORICAL COMMISSION

The Historical Commission, a public agency appointed by the Selectmen, is responsible for the identification, evaluation and preservation of the local historical and archaeological resources. The townwide inventory of Wayland's resources is the method of identification and is an on-going process. The Commission's work has been focused in the Cochituate area and approximately one-half of the buildings are documented.

The Wayland Archaeology Group, a subcommittee of the Wayland Historical Commission, continues its research and documentation under the leadership of Paul Gardescu. During May and June, the Group offered a six week course in archaeological methods, which was well attended. The Wayland Archaeology Group continues to work closely with the Massachusetts Historical Commission.

The highlight of the Commission's year was the acceptance of its nomination of Helen Emery for one of the Massachusetts Preservation Awards. These are given by the Secretary of State to a few individuals or groups that have effected preservation in Massachusetts. Ms. Emery received the award for her definitive history of Wayland, The Puritan Village Evolves, her service on the Historical Commission, and the writing of the National Register Nomination for the Wayland Historic District.

Respectfully submitted,

HOUSING AUTHORITY

Under the direction of newly appointed Executive Director, Brian Boggia, the Wayland Housing Authority has put much of its efforts into upgrading existing units. EOCD has granted \$181,700 to modernize Bent Park. Improvements will include expanding parking and lighting, improved security, painting and weatherizing the exterior buildings, and retro-fitting of handicapped apartments. Work will begin in the fall of 1987 with the hiring of an architect.

The Wayland Housing Authority requested and was granted \$1,274,000 to upgrade our scattered site family units from HUD. Monies will go toward comprehensive rehabilitation and demolition and reconstruction.

The Board of Selectmen voted to become a Mass. Housing Partnership Community. Housing Secretary Amy Anthony presented the certificate to the town.

Although no new units for persons of low income were added to the housing stock (the Wayland Housing Authority currently operates twenty-four family units), six affordable units were approved at town meeting under the Mass. Housing Partnership program. These units will be for home ownership, and will count towards the state's 10% requirement for affordable housing.

The Mass. Housing Partnership awarded a grant to the Authority to research, design and implement a tax abatement for landlords who create accessory apartments for low income residents. The Partnership also awarded a grant to Chair Na'ama Ansell to photograph and catalogue different types of public housing across the state. These slides will be available to towns considering housing development.

The Cochituate School was renamed the Cochituate Village Apartments. Cochituate resident John Bryant, who donated the new signs unveiled them at an open house.

The Authority is keeping an eye to the future in developing housing programs. Congregate housing and family housing are high on the agenda. We look forward to working with community residents and town officials in our continuing efforts to maintain and develop quality housing for Wayland.

Respectfully submitted,
NA'AMA ANSELL, CHAIRMAN
Mary Antes

INSPECTIONS DEPARTMENT

Increased construction has again kept this Department running all year and some changes have been taking place with the Department.

The most noticeable change has been the retiring of Electrical Inspector Clinton Mills. Clint is one of the most knowledgeable and respected Electrical Inspectors in the Commonwealth and on a local level he was very thorough in his inspections. He is also a superior human being and we will miss him. He was here early in the morning and kept the workload in check considering he was only part time. He will stay on as Deputy Inspector.

Clint's position was filled by Ward Keller, a local electrician and former Electrical Inspector for the Town. Ward is also known for his abilities and the Town is very fortunate to be able to secure his services.

Mainstone and the Library have continued to keep Deputy Building Inspector Harrison C. Miller busy. Deputy Miller is available to the Town Building Department part time for 4 hours a day as our Mainstone Inspector but with the necessary amount of field inspections throughout the Town, he is often asked to sidetrack Mainstone so we can get these inspections done in the time required by law. If we miss these inspections, the persons who suffer are the citizens and property owners of Wayland. Our field inspections of permitted work often turns up things that, if missed, could pose a safety threat to a building's occupants. The Town needs to add more to the inspection staffing level so these problems do not happen.

This Department has worked with the Fire Department in annual inspections of the schools. I have come to the conclusion that the Town of Wayland desperately needs a physical plant department staffed with a carpenter, electrician, plumber and helpers. The School and Town's physical plant is in very bad shape with non-existent routine maintenance and many building and fire code violations. In addition to the safety of building occupants, deferring maintenance only costs the Town more money in the future.

This Department has seen the completion of developments at Routes 27 and 30.

As mandated by the State Building Code, all public and private schools, Town buildings, restaurants, churches and package stores were inspected.

Regarding zoning, I have again been 100% successful in rectifying zoning violations (most cases that get to court are settled outside in the corridor), but I have been unable to devote as much time as I would like to reviewing the zoning applications and total enforcement of the By-Laws. A full time field inspector would take much pressure off this Department and allow me to more thoroughly review both building and zoning applications and allow more time for zoning enforcement.

This office would like to thank the Fire and Police Departments, Conservation Commission, Town Surveyor and Planning Board for their continuous cooperation regarding development in Town.

I would also like to thank my staff, Clint Mills, Clint Miller, Ward Keller, Don Ide, Dick D'Andrea and especially Betty and Dot for their untiring efforts in serving the public.

The breakdowns are as follows:

Building Permits issued:	592	
Total estimated cost of construction:	\$11,298,043.00	
Total fees collected:		\$55,905.90
Plumbing Permits issued:	307	
Total fees collected:		4,921.50
Gas Permits issued:	154	
Total fees collected:		3,270.00
Wiring Permits issued:	474	
Reinspections:	1	
Additional fees:	4	
Total fees collected:		19,802.60
GRAND TOTAL		\$83,900.00

Respectfully submitted,

Matthias J. Mulvey
Building Commissioner

ZONING BOARD OF APPEALS

The jurisdiction of the Zoning Board of Appeals includes primarily (1) site plan approvals, (2) petitions for variances from the Zoning By-Laws, (3) special permits requested under the Zoning By-Laws, and (4) appeals from the grant or denial of permits by the Building Inspector based on provisions of the Zoning By-Laws. The Board consists of three members and three associate members appointed by the Board of Selectmen. Under the provisions of the Massachusetts General Laws, all matters decided by the Zoning Board of Appeals must be the subject of a public hearing. Notice of hearings must first be published in a local newspaper at least fourteen days prior to the date of the hearing. Each applicant is charged a filing fee which covers the cost of publication and other administrative expenses. Board of Appeals may be obtained from the Building Department in the Town Building during business hours. Decisions rendered by the Board are filed with the Town Clerk, and notice of the decision is given to the applicant and others and, after the appeal period of twenty days has elapsed, the decision becomes effective.

There were 60 applications filed with the Zoning Board of Appeals during Fiscal 1987. A total of 65 hearings were held. A total of \$5,400 in application fees was collected. The matters heard by the Board in Fiscal 1987 may be summarized as follows:

	Granted (including Granted with Limita- tions)	<u>Denied</u>	<u>With- drawn</u>	<u>Dis- missed</u>	Out- stand- ing
<u>BUSINESS A DISTRICT</u>					
Special Permit	1				
Site Plan Approval	8		3	1	1
Sign Permit	1	2			
Revocation of Site Plan Approval					1
<u>BUSINESS B DISTRICT</u>					
Sign Permit	1				
<u>LIMITED COMMERCIAL DISTRICT</u>					
Site Plan Approval	1		1		
Sign Permit	1				
<u>SINGLE RESIDENCE DISTRICT</u>					
Special Permit	16	1	2		
Variance	13		1		3
Sign Permit	1				
<u>PLANNED DEVELOPMENT DISTRICT</u>					
Amendment of Prior Variance	1				

A number of cases decided by the Board involved important commercial properties within the Town: The Carlson Corporation, Cochituate Motors, Raytheon, Friendly Ice Cream, Mel's Plaza, and the Cochituate Village shopping area. Two properties with important historical value -- Collins' Market and the Waterman Funeral Home -- were converted to new uses. Several gasoline service stations applied for permits. There were several requests by doctors and other professionals to use their homes for limited office purposes. The Mainstone Farm residential condominium development was again before the Board as was the Wayland Housing Authority.

Cases presented to the Board often involve complex facts, architectural and planning issues and legal questions requiring extensive time and careful analysis by the Board. Participation in the public hearings by interested citizens is always welcomed. The permits, variances and site plan approvals which were granted in Fiscal 1987 include conditions and limitations intended to safeguard the public interest.

During the year William Sterling was reappointed to membership on the Board for a three-year term and Henry Brockelman was reappointed for an additional term as an associate member.

Respectfully submitted,

Paul G. Roberts, Chairman
William A. Sterling, Clerk
Dunbar Holmes

LIBRARY

During the twelve month period of FY87, the Library Trustees, Director and Library Building Planning Committee directed their energies to the library renovation/addition project. On July 17, 1986, the Trustees signed a contract with the second lowest bidder, Loran Construction Co. of South Boston, for \$1,312,956 after the lowest bidder (\$200,000 less) was unable to obtain an acceptable bond. A. Anthony Tappe of Boston, continued as principal architect and Harrison Clint Miller was hired to serve as clerk of the works.

By early August, preparations were well under way for moving out of the library building for the duration of construction to the Hearing Room in the Town Building, in accordance with generous arrangements made with the Wayland Board of Selectmen. About 30,000 volumes (half of the library's collection) were packed by staff and moved to the gymnasium at the Loker School. Furniture and equipment were also stored at Loker. Burkhardt Bros., low bidder for the move, provided a smooth and efficient moving operation. After a week's closing, the Hearing Room library was opened to the public on August 13. Regular library hours have been maintained in the temporary facility.

A ground-breaking ceremony was conducted on the front lawn of the library building on August 14. About 45 town officials, representatives of Raytheon, Dow Chemical, Trustees, LBPC members, and friends attended to celebrate this milestone in the history of the library expansion project. When construction began, the LBPC appointed a Construction Subcommittee of three members to attend weekly site meetings with the contractor, architect, clerk and librarian.

Early fall saw excavation work and pouring of the foundation. When the basement floor was found to be inadequate, a new ground floor slab had to be poured. As cold weather approached, the LBPC worked out a plan with the contractor to pump heat into the building so that work

could proceed safely during the winter months. Structural steel was erected and the fuel tank installed after extensive, and expensive dewatering operations. The new septic system, boiler, plumbing lines, interior partitions, HVAC ducts and plaster repair proceeded on the inside.

By the end of the Fiscal year, the brickwork and coping stone was completed, but the roof is yet to be installed. Delays, caused by late deliveries of materials and the need to solve unexpected problems, moved the schedule ahead to a late fall 1987 completion date. In spite of the problems, the Trustees and LBPC are pleased with the appearance of the building and standards of workmanship.

In relation to the project budget, it should be noted that the Trustees obtained the support of the Finance Committee to submit a warrant article for the 1987 Annual Town Meeting requesting \$200,000 to insure building project completion. This action was prompted by a major budget setback caused by the enforced elimination of the original low bid. Town Meeting voted approval of the funds.

The past year is noteworthy for the number of grants obtained to enhance services. Equipment and furnishings totaling \$10,065 were awarded in a fall state competitive grant round. The library's purchases included a television set, videocassette recorder, videocassettes, a microfilm/fiche reader/printer and The New York Times hard copy index and microfilm. The Children's Room was awarded a \$600 Arts Lottery Grant to support the summer program, "Touching the Past II: Native Americans." The National Endowment for the Humanities funded the library's Bicentennial Bookshelf proposal with a \$500 challenge grant. Many interested borrowers sent in checks to help us meet the challenge grant by the April 30 deadline.

The library was also the recipient of a number of memorial gifts. In addition to a special \$1,000 bequest, donations were made in memory of Betty B. Holmes, a former trustee. Contributions were also received in memory of Wayland resident Kendrick Smith. The Children's Room received the the proceeds from the Nancy Simon Memorial Fund for the purchase of a new Apple computer.

To develop a fund for new furnishings, the Trustees sponsored a jazz concert at the Wayland High School Little Theatre on April 11. Almost \$5,000 was raised by this event. Also, concert pianist Allen Barker donated the proceeds of his Loker Auditorium performance to the furniture fund.

On January 5, 1987, the library went "online" with its automated circulation system as a member of the Minuteman Library Network. Computer terminals are now used to check in, check out, renew and reserve materials, and keep fine records. Searching for books and other library materials in the MLN database to locate them in this or one of the nineteen other MLN libraries is a popular public service. Because automation is a valuable, but expensive aspect of the public library in 1987, the windfall Municipal Equalization Grant of \$3,000, which arrived from the state this year, was used for this purpose. In June, the library tested the LePac optical disc catalogue on an IBM type personal compute obtained by MLN through a state grant. Wayland borrowers are using this CD ROM technology with its user-friendly software to access the MLN collections.

Operating the library in the Hearing Room has not been easy, in spite of the support and cooperation of other town departments. The fact that it has worked reasonably well, with business as usual, is a tribute to library staff cooperation and flexibility. Although quarters are cramped and the collection reduced, the library has offered full service to users, story hours for preschoolers and older children. We appreciate the interest and support of the many borrowers who come in regularly. Of course, many are waiting for the "real" library to open, so it is understandable that our circulation statistics are down.

Two women joined our part-time staff this year--Carolyn Egan and Wei Zei Gong. The library notes its appreciation of the work of dedicated volunteers, Dorothea Webster, Shannon Kreps, and Corinne Tobin. We also thank the Wayland Garden Club for its weekly deliveries of colorful flowers and plants to brighten the Hearing Room. The public enjoyed the Object-of-the-Month art exhibits at the Cochituate Branch Library by the following artists: Rita Anderson, Barbara Gregory, Susan K. Loges, Claire Marcus, Hannah Gregory Pemberton, Anne Pleim, Nancy Poydar, Mary S. Trageser, John Wyeth Williams and John B. Wilson.

Cochituate Village scenes depicted on old postcards were displayed by Wayland Historical Society curator Jo Goeselt and Reference Librarian, Phoebe Homans.

As the year ends, we look forward to moving back to a spacious and attractive library building where we may offer an expanded variety of library services which Wayland residents have a right to expect.

METROPOLITAN AREA PLANNING COUNCIL

The Metropolitan Area Planning Council encompasses 101 cities and towns in the Greater Boston area, including Wayland. It is an autonomous public agency which links local officials with the Commonwealth.

The purpose of MAPC is to develop a comprehensive approach to regional planning for land use, housing, economic growth, transportation and environmental quality. MAPC cooperates with the member communities in articulating public policy.

Wayland is directly involved through the MetroWest Growth Management Committee, a regional group to which MAPC provides technical assistance.

Wayland has participated recently in the following MAPC-assisted projects:

1. Phase II of the Route 9 Corridor Planning Study,
2. The Bay Circuit Greenbelt Program,
3. The MetroWest Speed and Delay Study,
4. The preparation of a Fair Housing Plan.

Respectfully submitted,
LEYANA L. KAFALAS, WAYLAND
REPRESENTATIVE TO MAPC

METROWEST GROWTH MANAGEMENT COMMITTEE

The MetroWest Growth Management Committee is an alliance of nine municipalities--Ashland, Framingham, Marlborough, Natick, Southborough, Sudbury, Wayland, Wellesley and Weston--and the Metropolitan Area Planning Council. Marlborough was granted full voting membership in the fall of 1987.

During 1987 MetroWest has continued to enhance communication and cooperation among member communities--and between member communities and state agencies--on land use, housing and traffic issues created by growth and development pressures in the region. Through the Committee, the Transportation Task Force and the Housing Task Force, MetroWest has provided forums for discussion of local issues which have regional implications.

MetroWest initiated a voluntary Regional Impacts Review (RIR) process. Through RIR, MetroWest offers comments to local decision-making authorities regarding the potential regional impacts of proposed developments, and suggests mitigation measures which the local authorities may choose to incorporate in their decisions.

MetroWest's comments to the Executive Office of Environmental Affairs (EOEA) on a number of Environmental Impact Reports (EIRs), have ensured that local and regional concerns were voiced carefully and thoroughly. MetroWest worked with the Executive office of Environmental Affairs, MEPA Unit to require a Generic EIR on all uses of package sewage treatment plants in the state, including their land use impacts.

Through its alliance with the other members of MetroWest, Wayland has access to information with which to make even better local decisions, and has a greater ability to influence development decisions affecting the future of the region. MetroWest was funded by local contributions, including \$2500 for the fiscal year ending June 1987 and \$10,000 for the fiscal year ending June 1988 from Wayland and a Strategic Planning Grant from the Executive Office of Communities and Development from July 1986 to June 1987.

Wayland's representatives to MetroWest are Catherine Seiler, Board of Selectmen and Robert Windsor, Planning Board.

MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

Minuteman Tech has had another year of outstanding accomplishments by dedicated teachers, students and supporting industry advisors. Some examples are listed below:

Minuteman Tech made history in 1987 as the first school in the country to win two consecutive national championships in the same event in the Vocational Industrial Clubs of America (VICA) Skill Olympics. The event was the Auto Body skill competition won in 1987 by Minuteman Tech Senior Peter Langan of Natick and in 1987 by Minuteman Tech senior Craig Curtis of Sudbury. Both winners received thousands of dollars worth of prizes from the businesses and industries which sponsor the VICA competitions.

Another Minuteman Tech student, Jennifer Burkart, of Bolton won the bronze third place medal in the national VICA Commercial Art competition. She will also be eligible to compete for a place on the Skill Olympics team which will represent the United States at the VICA International Skill Olympics to be held in London, England in 1989.

In a ceremony in the Governor's office, Minuteman Tech teacher George Taliadouros was given the 1987 Presidential Award for Excellence in Science and Mathematics Teaching from the National Science Foundation, Council of State Science Supervisors and the National Science Teachers Association. Mr. Taliadouros also received the 1987 Outstanding Contribution to Vocational Education Award from the Division of Occupational Education of the Massachusetts Department of Education. He received these awards for his work in the development and pilot testing of the Principles of Technology program. This program, now being used in schools throughout the United States, combines physics and mathematics concepts in a powerful science literacy course.

Minuteman Tech cosmetology teacher Sebastian Paquette also received recognition from the Massachusetts Department of Education for developing a model program which uses microcomputers to teach small business management in cosmetology. This program is now being replicated throughout the state. Another Minuteman Cosmetology Instructor, Sabra Haywood, has been appointed to the Fashion Committee of the new Aesthetics Division of the Massachusetts Cosmetologists Association.

The Massachusetts Department of Education has selected Minuteman teachers to develop a model curriculum in the expanding area of manufacturing technology.

Minuteman Tech Commercial Art teacher Bonnie Hilla received a special award from the Massachusetts Vocational Industrial Clubs of America for the work she did as VICA Art Director during the 1986-87 school year.

The Minuteman Tech Drafting Department has been designated as the official training center in Massachusetts for VersaCAD and AutoCAD. Minuteman students, as well as adults sent to Minuteman by their employers, can receive state-of-the-art CAD training and retraining on seven different types of CAD software.

Again in 1987 at the New England Flower Show an exhibit designed and constructed by Minuteman Tech horticulture students received four awards.

In 1987 six Minuteman Tech students received their Eagle Scout Awards and two students received their Girl Scout Gold Awards.

Minuteman Tech Special Education teacher Alice Burnham and Cosmetology teacher Sebastian Paquette were presented with Exemplary Teaching Awards by the Battle Green Chapter of DeMolay.

During the summer of 1987, Minuteman Tech building trades students began constructing a superinsulated house on school property in Lincoln. This is the school's second house project in cooperation with a local community.

After a year of planning, Minuteman Tech opened a new microcomputer learning center in the fall of 1987. Under supervised contracts from various departments, students can take entire courses or carry out special assignments and homework projects with computer assistance.

Service to adults was also expanded during 19897. In addition to enabling adult residents of the district to attend the school's full-time daytime programs as post-graduates, Minuteman Tech now offers adult short-term training programs. Now it is possible for adults to enter day programs to learn house framing, electronic assembly or a variety of other job skills without enrolling in the school for the 1-2 year post-graduate program. Academic support will also be provided as needed.

During 1987 there were several changes on the Minuteman Tech School Committee. Long-time committee member and Vice-Chairman Robert Jackson (Lexington) and Thomas Schendorf (Weston) stepped down. Nyles N. Barnert is now representing Lexington, and John M. Tucker is the new Weston member. Filling positions that were vacant at the beginning of 1987 were Fred A. Reed (Lancaster) and Tim Sullivan (Needham).

In closing, the Minuteman Tech School Committee wishes to invite all residents of the 16 district towns to visit the school and enjoy the many student-operated services for the public which include a restaurant, bakery, gift shop, flower shop, beauty salon and service station. For information where these are open, call 861-7150.

Respectfully submitted,

OPERATIONAL REVIEW COMMITTEE

WAYLAND/SUDBURY SEPTAGE DISPOSAL FACILITY

During FY 1987, the plant operation proceeded smoothly and the quality of the discharge, for the most part, met or exceeded the DEQE permit. With the addition of one new plant operator in September, the task of the operation became more in line with what was expected of the personnel. The plant staff is to be commended for its efforts to maintain the highest quality of operation that is possible. Their dedication to the job has been demonstrated many times by their willingness to see that it is done right. In June the plant received a notice of noncompliance from DEQE for conditions that had existed in previous months. The Chief Operator had notified DEQE that minor problems existed and that corrective action was being taken. All the items of noncompliance had been dealt with and the plant was in full compliance long before the letter was received.

During FY 1987, the plant received 5,136,760 gallons of septage. This was a decrease of 284,462 gallons from FY 1986. Wayland's share was 57.6%. When compared to FY 1986, this was a 14.4% decrease of 497,605 gallons. Fee collection during this time was approximately 85%. With the acceptance of the lien legislation, the town can place a tax lien upon the property where the owner has an overdue balance. This should help in attaining our goal of 100% fee collection.

After both Wayland's and Sudbury's town meetings had accepted the Road Commission's budget request, the committee agreed upon an anticipated FY 1987 total of 5,400,000 delivered gallons. This is the same as was projected for FY 1986. The fee rate of \$.043 per gallon, the 500 gallon minimum and \$5.00 for RVs remains the same.

The committee membership remains the same with the addition of Jack Peters representing the Wayland Board of Health.

Respectfully submitted,
MICHAEL W. GUERNSEY, CHAIRMAN

PARK AND RECREATION

Fiscal 87 was a busy year for the Park and Recreation Department. In February we were notified by the National Arbor Day Foundation that Wayland had been named as a Tree City USA. This award was granted because of our tree planting program, arbor day programs - including the planting of seedlings, overall tree expenditure and town by-laws concerning the planting of trees in new sub divisions.

Continuation of our turf and tree maintenance programs kept the town's three cemeteries in top condition. Lakeview, North and South cemeteries are well groomed areas and very pleasant for our residents to visit. Actual burial and revenue figures appear at the end of this report.

Park maintenance remains our greatest challenge. Despite limited manpower and increased use of facilities, our parks, school grounds and public building grounds were all maintained with the same high standards. We also had to schedule our maintenance programs around the spring floods and an unusually high amount of snowfall. In service training for our full time maintenance crew is still a major factor in allowing all of our work to be completed. All of the work force is up to date on current standards and methods of maintenance. Our maintenance crew takes an extreme amount of pride in their final product, with all Wayland residents benefiting from the end result.

Recreation programs continued to thrive. Quarterly brochures, delivered to all resident households, offer approximately 45 activities each quarter. As a result of close cooperation with the school department all of the town's school buildings were used for activities as well as the Town Office Building Gym. Outdoor activities took place on all of the school grounds as well as th Town Beach, town Office Building grounds, Riverview Field, Mill Pond, Cochituate Field and Alpine Field. Activities were also conducted outside of Wayland's borders, such as ski trips and an excursion to see the Red Sox at Fenway Park.

Outdoor concerts were once again offered on Wednesday evenings during July in the Town Office Building courtyard. These concerts were made possible by the generosity of various town businesses. Children's movies were also offered at the Town Beach on Monday evenings during the summer. Our youth ski enrollment was higher than ever in its 11th season of operation. Golf, tennis, volleyball and youth swim lessons had high attendance figures.

Recognizing a need for education of volunteer youth coaches the Park and Recreation Department has entered into a formal program for their training. This is a nationally sponsored program and is being carried out with video tapes of the various sports by nationally known figures. All of Wayland's youth sports programs - baseball, soccer, softball, football and basketball have approved of this new training concept and will be sending their volunteer coaches to training sessions.

John Bryant was reelected to a three year term on the Park and Recreation Commission in the town's spring elections. George Weldon, Jr. was elected by the Commissioners to be Chairman and Martha Nagi was elected Vice Chairman.

The usual meeting date of the Park and Recreation Commission is the first Tuesday of each month. These meetings are open to the public.

During the fiscal year 44 cemetery lots were sold and 66 burials were conducted.

YEARLY INCOME

Beach	\$ 21,382.00

The Personnel Board is responsible for developing and administering the Wage and Salary Classification Plan; presenting updated schedules to Annual and Special Town Meeting; negotiating labor contracts; recommending and establishing personnel policies for the Town, exclusive of the School Department. Members are appointed by the Selectmen and serve five-year staggered terms. In this year the Personnel Board held fourteen regularly scheduled meetings, plus additional meetings with the Selectmen.

The Board reviewed performance evaluations for all personnel on G-Schedule (administrative) and SG-Schedule (non-union, non-administrative); adjustments were made which reflect the current economy, information from salary surveys and the competitive market. Collective bargaining agreements were concluded with six unions; Clerical (3 years); Fire (2 years); Highway (3 years); Library (2 years); Park and Recreation (3 years); and Police (1 year). As the fiscal year ended, negotiations had begun with the Police Department and Water Department.

The Board approved reclassifications for several positions, with changes in job descriptions where appropriate: Board of Health Clerk from C-12 to C-14 Administrative Assistant; Water Department Assistant from C-12 to C-13; Principal Clerk in Town Clerk's Office from C-12 to part-time assistant C-10; Personnel and Grants Administrator title changed to Personnel Director; Assistant Assessor placed on G-Schedule; Associate Detached Social Worker placed on SG-Schedule.

During the past year the Personnel Board approved a performance evaluation system for SG-Schedule employees, as well as a new evaluation procedure for G-Schedule employees, while recognizing the need to monitor and refine the procedures through development and usage and in cooperation with other Town boards. The Board also approved the concept of a Town-wide hiring procedure, incorporating into the final draft the suggestions of other Town boards. This centralized procedure provides consistency of management and compliance with employment and labor laws, EEO and Affirmative Action requirements. The Personnel Board recommended to the Executive Secretary an emergency closing procedure for Town Building, and recommended and implemented, with the concurrence of the Executive Secretary, a formal attendance reporting

procedure, which not only fulfills a provision of union contract, but also should result in financial benefit to the Town.

Robert Hennemuth was elected Chairman and Carol Yamartino Vice-Chairman effective July 1, 1987. Bruce Kingsbury retired from the Board earlier in the year. The Personnel Board extends its appreciation to Personnel Director Edwin Bleiler for keeping the members informed of developing trends in personnel management, for implementing a number of significant personnel policies, and for an overall productive year.

Sema M. Faigen, Chairman
Robert Hennemuth, Vice-Chairman
Edwin W. Marston
Carol Yamartino

PLANNING BOARD

The Planning Board continued to witness increased land development activity over the past year.

The Planning Board approved Southward, an eight lot subdivision, Glezen Estates, a five lot subdivision and Cochituate Estates, a five lot subdivision. In addition, the Board endorsed nine subdivision approval not required plans, yielding nineteen building lots. Several proposed Preliminary Plans were reviewed by the Board.

The Planning Board responded with their recommendations to the Zoning Board of Appeals on proposed developments: Mel's Restaurant expansion and Carlson Engineering's expansion, both located on Commonwealth Road.

The Mainstone Planned Development continues to take much of the Board's time. The site review process and oversight responsibility was at a high level given the significant construction activity at the site.

The Planning Board, in conjunction with a group of neighborhood representatives, sponsored two Articles to rezone the land abutting Route 27, Oak Street and the Mass Turnpike. The Articles will allow approximately a 44 unit condominium development. Six of the units will be sold at off price - \$86,000 - as negotiated with Planning Board representatives. The Planning Board will oversee the Special Permit granting process to implement these Articles. The Articles were passed at a Special Town Meeting in June.

Richard Cromwell served as Chairman and William Sawyer as Clerk until the end of April, 1987. William Sawyer is the current Chairman and Iryna Priester the current Clerk.

PUBLIC CEREMONIES COMMITTEE

This year's Memorial Day Parade drew many spectators as well as participants.

The large and colorful parade, led by the American Legion Post Commander and his staff marched from the Junior High School to Lakeview Cemetery, where services were conducted honoring our American Servicemen.

The parade featured a colorful float constructed by the Cochituate Boy Scouts honoring the 200th anniversary of the Constitution. Music was provided by the Wayland School Bands and participants included Town Officials, Girl Scouts, Boy Scouts, Camp Fire Girls and Veterans Groups.

Morning services were conducted at other Wayland cemeteries by the Veterans of Foreign Wars, American Legion, Ladies Auxiliary, and clergy.

The committee would like to extend special thanks to the Boy Scouts who spent so much time and effort creating the constitution float.

Respectfully submitted,
Public Ceremonies Committee
THOMAS MURRAY, CHAIRMAN

ROAD CONSTRUCTION COMMITTEE

During Fiscal Year 1987, the Road Construction Committee reviewed the proposed plans for the completion of the 850' section of Old Connecticut Path East. These plans, prepared by Schofield Bros. Inc., were brought to 100% design status for the purpose of accepting bids for construction. The construction plans were signed on June 29, 1987 with a tentative fall construction schedule established. The Committee welcomes the seven appointees charged with the reconstruction of the roadways approved by the \$4.5 million bond issue and wish them the best of luck.

Respectfully submitted,
Richard Batten
Donald Keller
Kurt Pelsue
Diane White
William Gagnebin

POLICE DEPARTMENT

I am pleased to submit the annual report of the Wayland Police Department for the Fiscal Year 1987.

We experienced an increase in most all of the major criminal categories with the exception of burglary. This would appear to be the end of the decreases in crime that we have enjoyed over the past six years. Nationally and regionally, crime is expected to start another upward climb in the years ahead.

Local statistics show that police spend 80% of their time providing services to the public that do not involve the traditional definition of "criminal acts". The Police Department is the one agency the public turns to when no other help is available. The Wayland Police are available 24 hours a day, every day. It is the police responsiveness to these service calls that has a major impact on the quality of life in Wayland. It is the goal of each police officer on the department to make Wayland a safer place to live.

During the year, the department had four personnel changes. Chief John Phylis retired in August after 28 years of service with the Police Department and Chief Thomas J. O'Loughlin was appointed effective July 1, 1986. Sergeant Roy Mogan also retired in August after serving with the department for 27 years. Patrolman William Bradford was assigned as a full-time Patrolman upon completion of the Police Academy. Eleanor Irving retired in October of 1986 after serving in the capacity of Crossing Guard for 17 years.

I would like to thank all of the townspeople for their continued support in supplying the police with the facilities and equipment, particularly, the funding for the new radio system, to carry out our difficult task.

RADIO STUDY COMMITTEE

The Radio Study Committee has been meeting bi-weekly with potential vendors, town agencies, and citizens who the Radio Study Committee has a belief will be impacted by the installation of the Public Safety Radio System.

The committee is in the process of preparing its specifications and documents necessary for the bidding of the Police and Fire Departments' Radio Communications System. An article will be filed with the Town Meeting for the funding of these systems in Fiscal Year 1988.

AUXILIARY POLICE

Auxiliary Police Patrol Unit (X-Ray)

The Civil Defense car (Unit X-Ray) has been used to augment police patrols. This unit is manned with two auxiliary officers to patrol during the evening shift on a random schedule. The statistics noted under "Auxiliary Police Unit" and "Services Rendered by Auxiliary Unit" on the following page provide a rundown of the specific duties performed by the Auxiliary officers while they are on duty in the Civil Defense Unit. During the tour of duty, the men also routinely patrol town property and offer assistance to the other police units as required.

Side-A-Long Program

This program is an ongoing on-the-job training program. An Auxiliary officer is scheduled to ride as a second man in a patrol car with a member of the Wayland Police Department. During the patrol, the Auxiliary officers gain experience at the side of the regular officer. The town is also provided with a two-man patrol unit at no additional cost as a spin-off benefit. There have been many occasions when the presence of a second officer in the initial responding unit has had an obvious deterrent effect toward violators and problems of a lesser nature as well.

Special Duties

The members of the Auxiliary Police also perform duties in the area of "traditional" public functions which require extra police services in town. Last year, these included the following: Flood Traffic Duty; Halloween; wearing in/Retirement Ceremony; Sarah Pryor Remembrance Day; Triathlon Traffic; representing the department at the Annual Waltham Police Expo; Fingerprinting Children as part of a Public Awareness - ID Program.

Training Program

New members undergo an extensive training program before they are issued any equipment or called to duty. The program includes First Responders first aid, Weapons

Qualification, Techniques of Arrest, Prisoner Control, Search Seizure Law, Rights of the Accused, booking procedures, handling emotionally ill, procedures for responding to domestic and disturbance calls, and booking for protective custody. During FY 87, four men completed this training. All men are also required to attend monthly training meetings which review and update the above subject matter as well as Civil Defense plans and radioactive monitoring techniques. All are also required to requalify on the range with their service revolvers twice a year. Our officers also requalify their CPR first aid annually and the First Responder every three years. This year, we sent seven men to the Massachusetts Criminal Justice Training Council's "Reserve/Intermittent in Service Training Academy". This is a 21 hour course designed to provide an officer with the knowledge necessary to perform as a member of a full-time police department. All additional men will be expected to undergo this training. It is our intention to have every member of the Auxiliary complete this training as space is available through the Training Council. At the present time the Mass. Criminal Justice Training Council has seriously cut back courses offered due to budget cuts within the Training Council. The lack of courses held has greatly impacted our ability to provide additional training for our officers. Several of our officers are members of other police agencies. These include Babson, Brandeis and Bentley University Police, US Army Military Police and Princeton Police Department. These officers have attended many courses through these agencies in various training academies. Their additional knowledge and expertise in many areas has benefited our organization.

Turn Over Rate

We have come to accept the fact that many of our officers come to us to "test the waters" of a new career within law enforcement. Many of these officers go on to become officers in police agencies after serving in our organization. This year we lost seven officers to departments that include: Mass. State Police, Concord, MA Police Department, Waltham, MA Police Department, Manchester, NH Police Department and Londonderry, NH Police Department. We will miss these officers but look forward to accepting new applicants who will fill our ranks with enthusiasm and new ideas to keep our organization active and responsive.

Administrative Meetings

As with any volunteer organization, many hours must be spent in the areas of planning, scheduling, supply procurement, recruitment and screening new applicants in the area of FUND RAISING.

I would like to thank the members of the Wayland Auxiliary Police Executive Committee for their efforts. These men also are the Board of Governors of the Wayland Auxiliary Police Association. Acting in either role, they often meet as many as three times a month in addition to training requirements. It is from their leadership and guidance that our organization continues to run smoothly and efficiently. Communication to our own members is a never-ending task. The schedule, rosters, detail assignments, correspondence to state and local agencies, seem endless. I wish to thank the Police Department Secretary, Mrs. Phyllis Matto, and the Town Executive Secretary, Mr. Ned Perry, and his staff. Without the help of these capable people, I could not have managed.

Fund Raising

It is only with the support from the townspeople through our various fundraising events in the past that we are able to continue to provide the town with our services. I wish I could personally thank each and every person whose generous donations have allowed us to survive as an organization. This year's lottery was another success. We are planning to run similar projects annually. It has been through your generous support that my officers and I have realized that so many of you do care about us and support our organization. Your continued support has been reassuring and inspiring. Again, thank you all for your financial support.

Monetary Value of the Time Donated to the Town by the Auxiliary Police

The figures in parenthesis on the following table of operating statistics are based on the present hourly rate for Intermittent Officers which is \$9.39. The value of a well-trained police reserve cannot be measured in dollars alone. The total donated hours for FY 87 was 10,278. This computes to \$96,510.42.

I would like to take this opportunity to thank the families and officers of the Auxiliary for their personal sacrifices and dedication to duty. It is usually when things are at their worst when the Auxiliary is called upon to serve. Often this means our officers work shifts for the department when the weather is poor after putting in a full day's work at their other job. I am very proud to report that I have been given many compliments and received praise from knowledgeable officers regarding the high standards and excellent reputation that the Wayland Auxiliary Police hold.

I also wish to thank Sgt. Bruce Cook, Ptl. Arthur Walch for their time that they have given to the Auxiliary for training classes. We are also indebted to many officers of the Police Department's 3-11 shift who regularly take time to help our Ride-A-Long Training Program.

Respectfully submitted,
ROBERT A. PARKER, CHIEF
Wayland Auxiliary Police

---	-------------

In Fiscal Year 1987 several new projects were completed, a new landfill liner was installed, and we finally got a start on a realistic road improvement program for Wayland. Unfortunately, the Road Commission became involved in some controversial undertakings, with some resulting in lawsuits against the Town.

LANDFILL

The landfill proved to be the Road Commission's biggest problem in 1987. The year began on an up note with the awarding of the landfill liner contract to an excellent contractor - WES Construction. Unfortunately, all bids again exceeded the appropriations of Town Meeting, and the Town had to provide sand needed to cover the clay liner or put the project off again. With assurances from our design engineer, the Road Commission proceeded with construction of the landfill liner. This led to some controversy regarding the efficiency of the liner. The liner was approved by the Commonwealth of Massachusetts, the bentonite manufacturer and design engineers have assured us that the liner is working as specified, and visual inspection clearly indicates the liner works. We are confident that pollutants that may be disposed of in our landfill are now being collected and disposed properly, and are not polluting the Town's groundwater

In accordance with Town Meeting's vote, the operation of the landfill was contracted out to a private operator. The Road Commission awarded the operations contract to Armstrong & Dubreuil. Because of problems obtaining liability insurance, the contract was not signed until December. Based on actions by a resident of the Town, the Department of Labor & Industries investigated the awarding of the landfill operations contract; and they determined that the contract should have been bid as a public works improvement not an operations contract. This ruling was appealed by the landfill operator and joined by the Town. Though dismissed on a technicality, the issue was still before the court by year's end.

With the growing shortage of trash disposal areas in the area, we began a stringent enforcement of our regulations prohibiting trash from outside of Wayland. Commercial vehicles were inspected, and we found one truck that had been using our landfill to dispose of trash from other

towns. This contractor was prohibited from using our landfill for one year. The Road Commission is continuing to monitor commercial haulers and have put them on notice that any hauler disposing of trash from outside of Wayland will be prohibited from using the Wayland landfill.

SEPTAGE

The Wayland-Sudbury Septage Treatment Facility operated with few problems in 1987. During the year there were 2,951,587 gallons received from Wayland (57.7%) and 2,167,857 gallons received from Sudbury (42.3%). We remain concerned about the seemingly high proportion from Wayland but have no jurisdiction over the matter.

The facility was inspected on May 23, 1986 by the Corps of Engineers and construction was substantially finalized. The only remaining matters to resolve is payment for a new bar screen. We believe that the state and/or EPA will fund the bulk of the cost for a new bar screen.

On August 27, 1986, a septage hauler inadvertently disposed of 3 gallons of oil at the facility. As soon as it was detected, the operators closed the facility until the exact nature of the spill could be determined, and clean-up accomplished. The State was immediately notified of the situation, and clean-up was completed. The facility reopened in two days for normal operations. Because of this spill, the facility was listed as a "potential" hazardous waste site in a list released by the State. The spill that caused this listing has been cleaned up, and the Road Commission assures the Town that there is no need for alarm.

ROADS

Perhaps the most satisfying event in 1987 was the start of a realistic road program. Frustrated by the lack of financial support for an effective road repair, maintenance and reconstruction program, Citizens for Better Roads was formed to lobby for these programs. The Road Commission worked with this citizen group, providing data, information, and moral support. Thanks to the efforts of CBR the Annual Town Meeting approved a \$4.5 million bond issue to reconstruct our worst roads. The Road Commission voted to have the Road Construction Committee to oversee the design and construction of this

major undertaking. The Road Commissioners fully support this committee, and wish it success. Town Meeting also approved an increased road maintenance budget that will allow us to maintain our roads so they do not have to undergo expensive reconstruction.

In 1987 we started work on our first betterment project in many years. Work began on the reconstruction of a portion of Lakeshore Drive under the Commission's betterment program. This project is a joint effort of the Road Commission and the Surface Water Quality committee.

The department continued the road oiling program with the completion of River Road; the oiling of Water Row; and a portion of Pelham Island Road, from Route 20 westerly to Jeffrey Road.

SNOW

The winter of 1986-87 dumped above average quantities of snow on Wayland. We received approximately 70 inches, or 24 inches more than the ten year average. There were 17 days of snow between 1"-3", 9 days with snow from 3"-6", and 6 days of snow fall over 6". The greatest snow fall was on January 2-3 when we received 12". In addition we had an early storm on November 11 and a late storm with 8" of snow on April 28 & 29. All the snow depleted the department's snow removal budget, requiring transfers to get through the winter. In April, we received 11.5" of rain, when combined with the snow melt resulted in a spring flood throughout town. Many streets and intersections were closed due to the floods. The employees of the department are to be congratulated for their fine work in keeping our roads open this winter and assistance during the floods.

Diane White chose not to run for re-election this year. The Road Commission and Town of Wayland are greatly indebted to Mrs. White for her 11 years of volunteer work for Wayland. We will sorely miss her insight, experience, and always cheerful attitude. We welcome Peter Bradley, who was elected this spring, to the Road Commission.

Respectfully submitted,

Peter Bradley
Francis Lucenta
Christopher Woodcock

1986/87

During the year ending June 30, 1987, the School Committee directed much of its attention to review and oversight of the curriculum, staffing of the schools, and long-range planning with respect to needed future renovations and remodeling of the school buildings.

The Committee reviewed the changes that were made in the English/Language Arts Curriculum as a consequence of an extensive study conducted in 1985/86. As a result of the year-long study of the Social Studies curriculum in 1986/87, the Committee authorized several curriculum changes, especially in the 9th grade World Culture course and the 7th grade Geography program.

One of the serious concerns the Committee has identified is future staffing of the schools. There are relatively few trainees for teaching careers, and a major teacher shortage is forecast for the not-too distant future.

In anticipation of this shortage, the Committee has redoubled its efforts to make Wayland an outstanding environment for teaching. We continue to support the professional staff with optimal teacher-pupil ratios, clerical and para-professional staff support, adequate instructional supplies and materials, and state-of-the-art instructional equipment. The Committee has provided for local staff initiative grants for both curriculum development and professional development work. Major new efforts to enhance professional collegiality and improve instruction have been launched at the junior and senior high school levels. A most successful systemwide "staff recognition" program was initiated in June of 1987. In brief, the Committee has done and will continue to do everything feasible to maintain and improve the climate for teaching in the Wayland Public Schools.

The Committee directed the Administration to launch a major study of school building facilities needs and to present a report of findings and a plan of action to the Committee during the 1987/88 school year. The Committee has pointed out to the Town on several previous occasions that the school buildings and their several sub-systems

are approaching the 30-35 year age bracket. In addition to obvious structural conditions that will need major upgrading or replacing (for example, 20-year bonded roofs), the mechanical and HVAC (heating, ventilating, air conditioning) systems are 30-year old technologies and need to be replaced with modern, more-efficient systems. Remodeling of the buildings to accommodate changes in instructional programs that have occurred during the past few decades, installation of walls between certain instructional areas and a number of other curriculum-related needs will also be part of the plan. It is anticipated that the funds for this work will have to come from a bond issue to be financed over a multi-year period. The target date for this work is tentatively set for the early 1990s.

During the year, the Committee established a pre-school child care program in the High School, The Children's Way. This program is coordinated with the Child Growth and Development curriculum of the High School. Another component of the program is the operation of an after-school child care program at the Junior High School for children in Grades K-5. These programs, supported by State grants in 1986/87 and 1987/88, will become fee-based programs in 1988/89.

In other actions during the past year, the Committee approved the installation of a modern playground at the Claypit Hill School; reviewed the Guidance, Computer Education, Fine Arts, Health Education, Physical Education/Athletics, and Library/Media programs; studied the Basic Skills Test results; prepared a budget for the support of the schools; entered two special articles in the Warrant for the Annual Town Meeting; and, studied staff reports on summer curriculum work, summer maintenance work, special education, administrative staffing, child development programs, and the final plans of the graduating class. The Committee reviewed several existing policies and established a number of new policies.

The Committee's overall assessment of the school system is most positive. Claypit Hill School received the United States Department of Education Elementary School Recognition Award in 1985; Wayland High School received the Secondary School Recognition Award in 1987. These are distinct honors that place the schools in the upper 1/2 of one percent of the nation's schools. In addition, the schools continue to score at or close to the top in statewide testing programs, despite our reluctance to alter our curriculum or "teach to the tests". This past year, 96% of the graduating class continued their formal education (90% to four-year colleges), an exceptionally large number of whom were admitted to some of the nation's most competitive colleges and universities.

In nearly every respect, the schools are providing excellent programs and services and pupil performance in all areas of endeavor is exceptionally high. In state and national test results, in college admissions, and in the high esteem that other educators view the Wayland Schools, can be found the evidence to support the widely-held view that the Wayland Public Schools are among the nation's top performing elementary and secondary schools. The Committee notes with special pride that although the schools rank first or near the top on nearly all measures of academic and program achievement, the Wayland Public School system ranked 26th in the state in 1985/86 in per pupil costs. This supports Boston Magazine's statement that "...Wayland taxpayers get a lot of bang for the buck..." out of the school system.

The School Committee operates on the firm belief that its proper role is to establish policy and clear direction for the administrative staff, and regularly review the results and processes. This operational principle has proved most effective in providing the Town with a school system of state and national reknown and with outstanding academic results at a most advantageous cost-effective level.

The Committee is grateful for the generous volunteer assistance so many parents and other citizens have given to the school system. Special gratitude is due the Scholarship Committee, the Boosters, CAPA, the parent organizations of each school and the Wayland Public Schools Foundation, Inc.

In closing, the Committee refers the community to the Superintendent's report, commends the school staff for its most effective work, and extends its gratitude to parents for their assistance and to all citizens for their continued invaluable support of the Wayland Public Schools.

Respectfully submitted,

THE WAYLAND SCHOOL COMMITTEE

Stephen B. Perlman, Chairman
Susan W. Pope, Vice-Chairman
Linda L. Greyser
Richard M. Salomon
Edward J. Somol, Jr.

SUPERINTENDENT OF SCHOOLS

This is the ninetieth Annual Report of the Superintendent of the Wayland Public Schools and my sixteenth such report to the Town. The report covers the 1986-1987 academic year.

I. ENROLLMENTS AND STAFF

Enrollments in the high school grades continue the downward trend established several years ago. However, the middle school enrollment is stable, while the elementary grade enrollments continue a definite upward trend. The present enrollment (Fall of 1987) is approximately 2,126.

ENROLLMENTS

	<u>83/84</u>	<u>84/85</u>	<u>85/86</u>	<u>86/87</u>	<u>Proj. 87/88</u>
K-5	871	841	884	901	924
Jr.High, 6, 7, .8	516	476	484	476	481
High, 9, 10, 11, 12	925	885	821	749	705
	<u>2,312</u>	<u>2,202</u>	<u>2,189</u>	<u>2,126</u>	<u>2,110</u>

CLASS SIZES

<u>Elementary Class Size Averages:</u>	<u>83/84</u>	<u>84/85</u>	<u>85/86</u>	<u>86/87</u>	<u>87/88</u>
Claypit Hill School	22.1	22.2	21.9	22.8	19.9
Happy Hollow School	20.2	21.3	20.5	22.1	21.4

<u>Secondary Class Size Averages:</u>	<u>Jr. High</u>			<u>Senior High</u>		
		<u>Proj.</u>			<u>Proj.</u>	
	<u>85/86</u>	<u>86/87</u>	<u>87/88</u>	<u>85/86</u>	<u>86/87</u>	<u>87/88</u>

Science	20.0	19.8	17.8	18.3	19.0	18.0
For.Lang.	18.0	17.1	17.4	18.3	17.2	18.0
Grade 6	23.8	24.1	22.3			

II. CURRICULUM

Wayland has systemwide curriculum leadership and coordination of the entire scope and sequence of the curriculum, Kindergarten through Grade 12.

Under the leadership of the Assistant Superintendent, each subject area has a K-12 curriculum team composed of the school system's team leaders, curriculum leaders, department heads, and principals. These teams meet regularly to review, study, analyze, critique and revise the curriculum.

During the 1986/87 academic year, the major K-12 curriculum focus was on the Social Studies. A number of changes in the curriculum resulted from this review. The most significant changes included revisions to the 9th grade World Cultures course and a substantial increase in socio-political-economic and place/name Geography in the 7th grade level.

In addition to this major effort in the Social Sciences, curriculum teams in other disciplines continued to study and to refine their respective areas. Major studies culminating in reports to the Superintendent and School Committee were completed in: Guidance Services; The Fine Arts; Physical Education and Athletics; and, Library/Media Services.

The Classical Studies/Foreign Language team outlined its review plans for a major study in 1987/88.

Special curriculum efforts were made this past year both in Social Studies to plan for the commemoration of the Bicentennial of the United States Constitution and in Health Education to provide instruction concerning AIDS (Acquired Immune Deficiency Syndrome).

With financial support from the Wayland Public Schools Educational Foundation, Inc. (a private, non-tax supported Foundation) an interesting new unit in Life Cycles was added, in conjunction with Drumlin Farm and the Massachusetts Audubon Society, to the 3rd grade science curriculum. At the high school level, we have experienced increased use of the computer, especially in Physics.

The introduction, this past year, of a system-wide coordinator of Health Education has greatly enhanced the offering of health education programs for the entire school system. Again, the Wayland Public Schools Foundation supported the stipend for this position in 1986/87 and the School Committee picked up the funding in 1987/88. The addition of an 11th grade, 6-week course for all students, in human sexuality, drugs and alcohol proved a solid addition to the curriculum.

The High School SAT (Scholastic Aptitude Tests) used for college admissions purposes continue to place Wayland as either 1st or 2nd in the entire state. The Massachusetts Testing Program tested pupils on the Basic Skills Test in grades 3, 6, and 9 and, once again, Wayland scored in nearly every sub-test between 97% and 99% against state-wide norms.

Additional computer and other technological equipment monies will have to be budgeted in the foreseeable future, however, if the school system expects to keep pace with the developments in curriculum presently pushed by the infusion of modern technology into all aspects of society.

The school system continued, in 1986/87, to function at an exceptionally high quality level. The Junior High School continues to be visited and studied by other educators and is a model of excellence in academic quality and child-caring, nurturing characteristics. The High School received a general excellence award from the United States Department of Education, placing it among the top schools in the United States. The High School continues its fine reputation as one of the country's outstanding public high schools, with an almost negligible drop-out rate, very few pupils attending private schools, 96% attendance rate, 96% of its graduates continuing their education after graduation, high test scores and an excellent college and work place performance record.

Overall, the curriculum in the Wayland Schools is in very good shape. The widespread use of the compendia helps to address issues of "vertical articulation," or sequence through the grades and levels. The curriculum programs are well implemented by an enthusiastic and able staff, well supported by excellent instructional materials and adequate equipment. The organization of the Curriculum Teams allows educational practitioners to research, study, and discover ever-improving instructional resources and techniques.

The inservice release days and professional development programs and activities ensure a well-informed, dedicated staff. The material resources available in the classrooms and laboratories are in good condition and serve the students well. And, finally, the interest and energy of the staff to continually stretch the curriculum to greater heights through the exploration of sound, innovative methodologies and materials, promises that Wayland will continue to enjoy a strong, high-achieving school system.

III. OPERATIONS SERVICES

Despite efforts to keep costs down in this area, the school system continues to experience escalating costs as the buildings and equipment become older and the costs of repairs increase significantly.

We are experiencing extreme difficulty in staffing the support staff positions. Custodial personnel are nearly impossible to find and inexperienced people are the norm rather than the exception. Cafeteria staff, bus drivers and clerical staff positions are equally difficult to fill and school has started each of the past few years without all positions being filled in these areas.

Despite these difficulties, the school system continues to operate in a smooth and efficient manner.

In an effort to improve the cleanliness of the school buildings, the School Committee entered a special article in the Warrant for the Annual Town Meeting to provide outside professional cleaning services for the buildings. This proposal was voted down by the Town Meeting.

A major building facilities study is in process. It is anticipated that the study will call for extensive renovation and upgrading of the school buildings during the next several years. Money to support a project of this magnitude would have to come from a bond issue.

IV. PRESENT DIRECTION

The enrollments will continue to decline in the high school for the next few years, remain steady or increase slightly in the junior high and increase at the elementary level. Both elementary schools are presently operating at or slightly over their functional operating capacities. Additional elementary space will soon be needed. The major facilities study during 1987/88 will attempt to address these needs.

We continue to expand our "Child Care" services and programs. In 1987/88, a K-5 child care program will be added to complement the existing pre-school program. Both of these programs are supported by state grants but will become fee-based in 1988/89.

Efforts by the staff to improve the quality of instruction, infuse the developing technologies into the curriculum, and expand the curriculum in areas such as health education and global education will, in all likelihood, continue during the next few years.

V. CONCLUSION

The 1986/87 academic year was another banner one for the Wayland Public Schools. In all areas of endeavor, the schools and its pupils performed well. The High School received a national recognition award. Several staff members were named to leadership roles in state, regional and national professional organizations. The high school graduate compiled an extraordinary record of acceptance into many of the nation's finest colleges.

I wish to thank the many citizens who have volunteered valuable hours of service to the schools...parent organizations such as Parent Council, PTOs and WHSPO; W.H.S. Scholarship Committee; Wayland Public Schools Foundation, Inc.; Computer Advisory Committee; W.H.S. Boosters; CAPA; and the many individuals who have lectured and assisted in the schools in a variety of ways.

I wish to take this opportunity, also, to commend the staff of the school system for its extraordinary work. I especially express gratitude to our exceptionally able School Committee for its business-like approach to the overall management of the school system and for its untiring and unselfish efforts to maintain and improve the quality of the school system. I wish to thank the personnel in the other Town Departments who have provided so many fine expert services to the schools. This level of cooperation helps guarantee outstanding programs for our youth.

Wayland has every right to be proud of its school system. I thank all citizens for their continued support of the schools.

Respectfully submitted,

Mrs. Susan W. Pope, Vice Chairperson
Mr. Stephen B. Perlman
Mr. Richard M. Salomon
Mr. Edward J. Somol, Jr.

WAYLAND HIGH SCHOOL SCHOLARSHIP PROGRAM

In September of 1977 the School Committee established the Wayland High School Scholarship Fund. The Scholarship Fund is administered by a committee appointed by the School Committee. The Wayland High School Scholarship Committee is comprised of Wayland citizens and advised by members of the staff of the Wayland Public Schools. The purpose of the Scholarship Committee is to raise and safeguard monies so scholarship awards may be made annually to selected graduates of Wayland High School who wish to continue their formal education. Among the programs established by the Scholarship Committee is the Memorial Scholarship Program which provides for three types of memorial scholarships as well as scholarships from the general fund. Thanks to the continued generous support of the community almost \$20,000 has been awarded by this committee to worthy Wayland High School graduates from the Class of 1987.

BOARD OF SELECTMEN

The physical appearance of our Town Center has had some modification this year. Blacksmith Green, a new park in the Center was dedicated in May. Once the site of a car dealership and garage the acquisition and transformation of the property was made possible through the efforts of many and donations from companies, organizations and our own citizens.

Collins Market Building, the original site of Town Government, has changed hands. It is being developed for private business use with its new owner sensitive to its long history.

The Mellen Law Office which has been re-roofed has now been re-painted by a spirited citizen volunteer.

Construction of a major library addition continues.

Cochituate Center has experienced the greatest change. Gone are the old Post Office and Johnson's Pharmacy on the northwest corner, replaced by a colonial building housing a bank and new post office. An enlarged two-story commercial development has been constructed on the southeast corner.

Our new Town Clerk, Judith St. Croix, replaces Grace Bowen who has retired. One of her first responsibilities was overseeing the Town election with precincts growing from two to four in part by State mandate.

Police Chief Thomas O'Loughlin officially assumed his duties in August, replacing retiring Chief Jack Phyllis.

Major road reconstruction has finally been addressed by the voters. A successful override of Proposition 2 1/2 and 2/3 vote of Town Meeting were due to an enormous citizen effort of education and advocacy. Borrowing of \$4.5 million was voted for the reconstruction of fourteen roads including Glezen, Draper, Claypit, Rice and Stonebridge.

The critical need for upgraded radio communications for public safety personnel also received a favorable vote at Town Meeting and will be going to bid this Fall.

The future of fragile landfills and of solid waste disposal statewide has consumed many hours of research and discussion. For the short term the extended life of our own facility seems assured by voter approval of a required liner. Stepped up recycling efforts have been recommended in order to reduce the waste stream. Retailers must revise packaging toward that goal. We have given active support to legislation designed to assist municipalities in waste management.

There continues to be a townwide effort to address the many unmet housing needs, both low-income and affordable. The Smith and Johnson parcels at Oak Street and Commonwealth Road have been acquired by a private developer for residential construction. The Town has successfully negotiated six units for affordable housing. The vote of a Special Town Meeting in June approved a bylaw amendment creating an Overlay District to accommodate the development.

With an awareness that many issues confronting us are not ours alone, we increasingly join our neighbors in seeking solutions. The Metrowest Group Management Committee with membership of eight area towns is monitoring the effects of development along main arteries and impact on municipal services. The group has engaged a Regional Planner with the assistance of MAPC and support from each member town.

Previous efforts of neighborhoods on the South Side of town to address critical highway noise intrusion have now been escalated to include many other concerns as the Massachusetts Turnpike Authority moves to add two lanes from Weston to Southboro. Towns along the affected area have formalized their concerns and have hired an environmental counsel to watchdog developments and a State required Environmental Impact Report.

A coalition of towns with primary leadership from Wayland has this year led a successful effort toward minimum Local Aid increase from the State. This is significant in light of a cap on State tax revenue voted referendum this year and the loss of Federal Revenue sharing dollars.

A Charter Commission has been generated to study Middlesex County Government.

In other matters, an updated inventory of Town owned land has been completed. Continental Cablevision has completed wiring of the Town. A studio for community production is due to open next Fall.

We wish to remind everyone that all this could never have been accomplished without the contribution of many volunteers who serve on our Committees. We are constantly seeking others.

In addition, we express our gratitude to our staff and to the staff throughout Town Government.

Respectfully submitted,
MARCIA P. CROWLEY, CHAIRMAN
George H. Harris
L. Thomas Linden
Lewis S. Russell
Catherine W. Seiler

SIDEWALK COMMITTEE

The Sidewalk Committee activity was limited for more than half the year by the fact that we were down to just two voting members, Joy Shane and myself. After many appeals for new applicants, we have finished the year with four new members and a full committee again.

The committee has met four times in the past year, reviewed plans and provided input on two business expansions in Cochrane. We are actively represented on the Road Reconstruction Committee by Randy Hoes. We have exchanged much information and anticipate a coordinated and cooperative effort in the coming year.

Respectfully submitted,
LEWIS S. RUSSELL

SURFACE WATER QUALITY COMMITTEE

During January of 1987, the construction phase one of the Dudley Pond storm water management was put out to bid. A good response was obtained, and after checking all bids the construction contract was awarded to N. Cibotti Inc. of Braintree. Work commenced in April of 1987 and should be completed by September of 1987. Storch Engineers is now working on the final plans for the second phase of construction. A hearing on betterments will be held in the fall. Additional funds will be sought to supplement the money now on hand.

In the fall of 1986 extensive hydro-raking was carried out in Dudley Pond by Aquatic Control Technology, Inc. as part of our ongoing pond management program.

The Surface Water Quality Committee continues monitoring and keeping its data updated on other water bodies in Wayland.

Respectfully submitted,
THOMAS BELOTE, CHAIRMAN
Arlene Pollak
Sheila Wenstrup
Hans Wetzstein

TOWN SURVEYOR

JUNE 30, 1986 TO JULY 1, 1987

This past year has been almost entirely dedicated to entering the Town Atlas into our computer system. At this point there remains the last six pages of the atlas to input. Expected completion date being September 15, 1987. The atlas has been entered into the system in layers which can be printed out either singly or with any combination of the other layers. Examples of the layers are houses, owners names, property lines, road lines, street numbers or land areas. This becomes important with the creation of maps for different purposes.

Other work accomplished during the year is as follows:

1. Elevations for grading at the landfill.
2. Bound location on Route 27.
3. Set bounds on conservation property on Mathews Drive.
4. Set bounds on northerly property line of the Library property.
5. Final topographic plan of cells I-III (before capping) at the landfill.
6. Iron rods set on conservation restriction line between Patterson and Sudbury Valley Trustees land.
7. Calibrated total station measurements with measurements layed out on USC and GS course on I-290.
8. Leaching field and boring locations between high school leaching field and Town wells.
9. Test well locations on DiCarlo property off River Road for Board of Health.
10. Restake gardens for the conservation commission, etc.

Thanks are given to all those people who have helped us serve the town, with a special thanks to Ken Moon who has really made a success of the computer system by utilizing its potential in the evening and weekdays.

Respectfully submitted,
LEW BOWKER

VETERANS' SERVICE

hereby submit my report for the Department of Veterans' benefits for the fiscal year ending June 30, 1987. Please refer to the Town Accountant's report for the listing of expenditures and receipts.

All cases are thoroughly investigated before aid commences. An increase of contacts were made and assistance was given to many.

This is my fourth report as Veterans Agent. I wish to thank everyone for their cooperation, especially Alice Eldon.

Respectfully submitted,
WILLIAM F. MARSTON,
VETERAN'S AGENT

TOWN MEETING PROCEDURES COMMITTEE

The Town Meeting Procedures Committee was created in 1984 to prepare a guidebook to Wayland Town Meeting--one that is comprehensible and accessible to voters, especially those new to or unfamiliar with Town Meeting.

The Committee, being shorthanded, conducted no business during the year. You are cordially invited to join our Committee by contacting any of the undersigned or the Executive Secretary of the Town.

Respectfully submitted,
GEORGE H. HARRIS, CHAIRMAN
Jean B. Pratt
Laura A. White

TOWN COUNSEL

Payments to outside law firms continued to decline during the year as more of the Town's legal work was done "in house" in accordance with the Selectmen's instructions. Gratefully, law suits against the Town at year end were at the lowest number in several years.

Despite increased fees, we hope to keep Legal Expense low in the coming year.

Respectfully submitted,
F. JOHN O'REILLY, JR.
Associate Town Counsel

WATER COMMISSIONERS

Fiscal 1987 started out as one of the lowest ground water elevations since the mid 60's but, the spring flood and the run off brought the elevation up a little above normal which was welcomed. We pumped 571.2 million gallons down 107.4 million from the previous year. July was our largest pumpage at 68.9 million. This low consumption enabled us to alternate the wellfields and pumps to minimize heavy pumpage at all sites and go into the summer months with our wellfields in good supply.

Our goal of getting another well installed and on line has still not been started. We are hoping by this time next year we will have better news. This has been in our plans since 1980 but the land in question has been in litigation and nothing could be done.

The department increased by .08 miles of main, 6 hydrants and 85 services. The majority in the condominium area.

The department had two men retire, Steven J. Catalanotto and Bernard Powers. We all wish them a long, healthy and happy retirement.

Quality and Quantity of our water is good. No problems have been found in over 275 samples of water tested during the year. Use what is needed, but PLEASE DO NOT WASTE IT.

Many thanks to Police, Fire, Engineering, Highway, Park and Recreation and Conservation for their help and cooperation throughout the year and we hope things will continue along these lines for many years to come.

Respectfully submitted,
Board of Water Commissioners
Wayland Water Department
EDWARD F. THORBURN, CHAIRMAN
Robert Hanlon
Devens Hamlen
